Additional Policy Direction: I move to amend the base motion to include the following additional and amended policy directions:

III. CENTERS AND CORRIDORS

Amend [STAFF2] DT-1 Commercial Core (CC) Subzone Bonuses, [PC] DT2 Substitute Amendment, and [PC] A9 Unlimited CC Bonus to Increase Community Benefits

[CASAR CC#] Downtown Mapping and Calibration
Allow an unlimited CC bonus across Downtown, except do not map this unlimited bonus in the small area of Downtown where there currently is no bonus, on first reading. Council intends to add a bonus with new height and density in this northwest area on second reading, while maintaining a transition in height to areas that are primarily Residential House-Scale within the Downtown area. This transition in heights is to be considered the transition zone for house-scale areas in the Downtown. Staff and stakeholders should explore options for achieving this goal.

Within the boundaries of the Downtown Plan Overlay, if staff demonstrates that greater participation in the affordable housing bonus program would be achieved, DC zones may be mapped where CC zones are currently proposed, while maintaining a reasonable transition in height to areas that are primarily Residential House-Scale within the Northwest District of the Downtown Austin Plan Overlay.

Late night cocktail lounge uses that are being newly permitted in Downtown areas (where they were previously unpermitted) should be allowed, but only by conditional use permit.
