After question three, which questions from the flowchart are you prepared to answer?

Is there funding?
Which department holds the funding?
What are the impacts, and gaps?

Root Cause Analysis

Story: What did you hear from the community?

There still exists the need for improved access, resources and reliability for transportation and mobility in African American communities throughout the City of Austin. This is a systemic issues that must be resolved in order to improve the quality of life for African Americans in this city.

Problem: What is the problem you identify?

Equitable transportation and mobility options for African Americans, especially in the eastern crescent of our city.

How does the problem show up in your community? Who is most impacted by the problem?

This problem shows up in a lack of infrastructure, transportation options and the elevated stress of African American adults and families as they attempt to work, go to school, go to the grocery store, etc. with inequitable mobility options available. Low income families, persons living in the eastern crescent with food deserts and lack of adequate mobility options.

Is there funding to address the problem?

Yes

Do multiple departments administer these funds?

No

Which department holds the funding?

Austin Transportation

Considering all of the information you have or have not collected above, how do we solve for this problem?

Be intentional by improving infrastructure, working directly with Cap Metro to provide equitable solutions throughout the entire city and hinder them from removing the already limited resources in areas of the city where it is needed most.
