SOLICITATION: IFB 1100 JMF0107  
ADDENDUM NO: 6  
DATE OF ADDENDUM: APRIL 24, 2018

This addendum is to incorporate the following changes to the above referenced solicitation:

I. **Questions:**

I.1 Does the test point have to be non-corrosive and water proof?
   Yes.

I.2 Does AE require the splice to be entirely covered and insulated?
   Yes.

I.3 Will AE allow any type of wire to be exposed after installation?
   No.

I.4 Are there requirements as to how many splices have to be installed in the field prior to being approved? If a new item is approved does the item have to be in use in the field for a minimum number of years or been in production for a minimum number of years?
   
   The process for evaluating items for the Qualified Parts List (QPL) varies depending on the nature of the product itself. The more technical/critical the item, the longer the process may take.

I.5 Are there any safety concerns if any type of wire is exposed and is submerged in water and mud after installation?
   Yes.

II. **Additional Information:** The City will no longer accept questions about this solicitation.

III. **ALL OTHER TERMS AND CONDITIONS REMAIN THE SAME.**
