Addendum No: 1

Date of Addendum: 6/30/16

This addendum is to incorporate the following questions and answers to the above referenced solicitation:

1.0 Questions and Answers:

- 1.1 (Q) Is Austin Water (AW) asking for river sand or manufactured sand and please provide a definition.
(A) AW is requiring river sand. Definition: bedding sand (aka gem sand) shall be clean, granular and homogenous material composed mainly of mineral matter, free of mud, silt, clay lumps or clods, vegetation or debris
- 1.2 (Q) We are having a hard time securing washed gravel and gem/river sand. What are the sufficient alternatives?
(A) AW is agreeable to an approved equivalent as long as it meets the material requirements listed in Section 0500 Specifications Item 2.0.
- 1.3 (Q) Why is AW specifying only TCS 563 material?
(A) AW will also accept equivalents as long as they meet the material requirements listed in Section 0500 Specifications Item 2.0.
- 1.4 (Q) What is this material used for?
(A) AW uses the material to backfill utility trenches.
- 1.5 (Q) Can other material (gradation) be used in lieu of TCS 563?
(A) See the answer to 1.2 and 1.3.

POLICY: The City of Austin and its contractors shall not discriminate on the basis of race, color, national origin, disability, or gender in the performance of contracts. Refer to the MBE/WBE Volume included with the project specifications for further information.

SOLICITATION GOALS

MBE/WBE
1.37%

COUNTING PARTICIPATION (2-9D-20)

Listing City certified firms on the Compliance Plan indicates that firms agree to both the price and scope of work. The Compliance Plan shall list all firms that will participate on the contract.

- ❑ Only City of Austin certified MBE/WBE firms will be counted toward the goals.
- ❑ Certified MBE/WBE firms may count their own participation, less any amount subcontracted.
- ❑ A certification code of M/WBE or W/MBE may be counted towards the MBE or WBE goal, but not both.
- ❑ A firm with a WBE certification code can only be counted towards the WBE goal.
- ❑ A firm with an MBE certification code can be counted towards the MBE goal or towards the appropriate ethnic subgoal.
- ❑ Use only the base bid amount or the proposal amount to calculate your MBE/WBE participation.

ALL BIDDERS MUST MEET THE GOALS OR PROVIDE GOOD FAITH EFFORTS DOCUMENTATION

GOOD FAITH EFFORTS (2-9D-21)

When bidder/respondent cannot meet the established goals, the responding firm shall provide documentation of the firm's good faith efforts to meet the goals. The ability or desire of a contractor to perform the work of the contract with its own organization does not relieve the contractor of the responsibility to demonstrate good faith efforts. The fact that additional costs may be involved in finding and using MBEs and WBEs is not reason for the bidder to not meet the MBE/WBE goals.

At a minimum, the following should be submitted to support Good Faith Effort documentation:

- ❑ Solicitation sent to MBE/WBE firms **in the** Significant Local Business Presence (SLBP – 5 Counties include Travis, Hays, Williamson, Bastrop, and Caldwell) identified on the availability list for subcontracting opportunities not less than **7 business days** prior to bid date. Notices must be sent using two separate reasonable, available, and verifiable methods (e.g. email, fax, mail, or phone).
 - ❑ **Such as evidence of written notice includes copy of letters (solicitation notice) that was sent by email, fax, or mail.**
 - ❑ **Such as evidence of two separate methods used to notify MBE/WBEs include fax logs, email confirmations, copies of stamped envelopes/hand-delivered and/or phone logs (Phone contacts, alone, will not be sufficient.)**
- ❑ Written correspondence to certified vendors should include names, addresses, and other identifying information including your company's phone number, contact person, where to locate plans and specifications; and due date for responding.
- ❑ Take appropriate steps to follow up the initial solicitation with interested MBEs or WBEs.
 - ❑ **Submit copies of written responses from all respondents to your solicitation.**
 - ❑ **If interested MBEs or WBEs responded, document follow up on log of contacts and include date and contact information**
- ❑ Publish notice in a local publication such as newspaper, trade association publication, or via electronic/social media.

- ❑ Bidder/proposer must state a specific and verifiable reason for not contacting each certified firm with a SLBP.
 - ❑ **If MBEs and WBEs were not sent solicitation notices, document reason on log of contacts.**
- ❑ Negotiate in good faith with interested MBEs and WBEs.
 - ❑ **If negotiated in good faith with interested MBEs and WBEs, document results on log of contacts.**
- ❑ Contact SMBR for assistance (i.e. additional scopes identified or assistance with MBE/WBE Program requirements).
- ❑ Not rejecting MBEs or WBEs as being unqualified without sound reasons.
- ❑ Seeking the services of available minority and women community organizations
 - ❑ **Documentation of contacts with trade associations and Chambers of Commerce.**
- ❑ Selecting portions of the work that will increase the likelihood that the MBE/WBE goals will be met.

The following additional Good Faith Efforts factors may also be considered:

- ❑ Efforts to assist MBE/WBEs in bonding, insurance, and financing where appropriate.
 - ❑ **If assistance was provided, document in log of contacts.**
- ❑ Efforts to assist MBE/WBEs in obtaining necessary equipment, supplies, and materials.
 - ❑ **If assistance was provided, document in log of contacts.**

In assessing minimum good faith efforts, SMBR may consider the performance of other Bidder/Proposers successfully meeting the goals.

FAILURE TO COMPLY WITH THE MBE/WBE PROCUREMENT ORDINANCE WILL RESULT IN REJECTION OF YOUR COMPLIANCE PLAN

MBE/WBE AVAILABILITY LIST:

Included in the solicitation is a list of certified MBE/WBEs firms for the scopes of work that have been identified for this project. This list is not to be considered as the sole source of available MBE/WBEs. If additional scopes of work are identified, please contact SMBR.
