**ADDENDUM**  
**Section 00900**

---

**ADDENDUM No. 1**

Date August 8, 2013

City of Austin

Project Name ADA Ramp and Bus Stop Improvements 2014-2016 City Wide

C.I.P. No. 5769.093

This Addendum forms a part of Contract and clarifies, corrects or modifies original Bid Documents, dated August 5, 2013. Acknowledge receipt of this addendum in space provided on bid form. Failure to do so may subject bidder to disqualification.

**A. Project Manual Revisions:**

1. Section 00020, Invitation for Bids: The Mandatory Pre-bid Conference time is hereby changed to 11:00 AM.
2. Section 00810A, Supplemental General Conditions – Standard Federal-Aid Assurances: Add the attached "Exhibit B, Federal Clauses" provisions.
3. Add Volume 3, Disadvantaged Business Enterprise Program, as attached.

**B. Drawing Revisions:**

None

This addendum consists of 68 page(s)/sheet(s).

## **Exhibit B Federal Clauses**

The City and its "Contractors" will comply with the applicable federal contracting requirements set forth in this Exhibit "B". The City will require its Contractors and consultants to comply with the applicable provisions of this Exhibit "B" in providing services under this Agreement and all federally assisted contracts resulting from this Agreement. To the extent applicable, these provisions supersede and take precedence over any other clause or provision contained within this Agreement that may be in conflict therewith.

### **1. CONTRACT WORK HOURS AND SAFETY STANDARDS ACT - OVERTIME COMPENSATION**

(a) **Overtime Requirements.** No Contractor or subcontractor contracting for any part of the contract work which may require or involve the employment of laborers or mechanics shall require or permit any such laborers or mechanics in any workweek in which the individual is employed on such work to work in excess for forty (40) hours in such workweek unless such laborer or mechanic receives compensation at a rate not less than one and one-half (1-1/2) times the basic rate of pay for all hours worked in excess of forty (40) hours in such workweek.

(b) **Violation, Liability for Unpaid Wages, Liquidated Damages.** In the event of any violation of the provisions set forth in paragraph (a) above, the Contractor and any subcontractor responsible therefore shall be liable for the unpaid wages. In addition, such Contractor and subcontractor shall be liable to the United States (in the case of work done under the contract for the District of Columbia or a territory, to such District or to such territory), for liquidated damages. Such liquidated damages shall be computed with respect to each individual laborer or mechanic, including watchmen and guards, employed in violation of the provisions set forth in paragraph (a) above, in the sum of \$10 for each calendar day on which such individual was required or permitted to work in excess of the standard workweek of forty (40) hours without payment of the overtime wages required by the provisions set forth in paragraph (a) above.

(c) **Withholding for Unpaid and Liquidated Damages.** The Authority shall upon the Authority's own action or upon written request of an authorized representative of the Department of Labor withhold or cause to be withheld, from any moneys payable on account of work performed by the Contractor or subcontractor under any such contract or any other Federal contract with the same prime contractor, or any other Federally-assisted contract subject to the Contract Work Hours and Safety Standards Act which is held by the same prime contractor, such sums as may be determined to be necessary to satisfy any liabilities of such contractor or subcontractor for unpaid wages and liquidated damages as provided in the provisions set forth in paragraph (b) of this clause.

(d) Payroll and Basic Records.

(1) The Contractor or subcontractor shall maintain payroll records during the course of contract work and shall preserve them for a period of three (3) years from the completion of the contract for all laborers and mechanics working on the contract. Such records shall contain the name and address of each such employee, social security number, correct classification, hourly rates of wages paid, daily and weekly number of hours worked, deductions made, and actual wages paid. Nothing in this paragraph shall require the duplication of records required to be maintained for construction work by Department of Labor regulations at 209 C.F.R. 5.5(a)(3) implementing the Davis-Bacon Act.

(2) The records to be maintained under paragraph (d)(1) of this clause shall be made available by the contractor or subcontractor for inspection, copying, or transcription by authorized representatives of the Authority or the Department of Labor. The Contractor or subcontractor shall permit such representatives to interview employees during working hours on the job.

(3) Subcontracts. The Contractor or subcontractor shall insert in any subcontracts the provisions set forth in paragraphs (a) through (d) above, and also a provision requiring the subcontractors to include these clauses in any lower tier subcontracts. The Contractor shall be responsible for compliance by any subcontractor or lower tier subcontractor with the provisions set forth in paragraphs (a) through (d) above.

**2. TITLE VI CIVIL RIGHTS ACT OF 1964**

During the performance of this contract, the Contractor for itself, its assignees and successors in interest (hereinafter referred to as the "Contractor"), agrees as follows:

(a) Compliance with Regulations. The Contractor shall comply with the Regulations relative to nondiscrimination in Federally-assisted programs of the Department of Transportation (hereinafter referred to as "DOT") Title 49, Code of Federal Regulations, Part 21, as they may be amended from time to time (hereinafter referred to as the Regulations)), which are herein incorporated by reference and made a part of this contract.

(b) Nondiscrimination. The Contractor, with regard to the work performed by it during the contract, shall not discriminate on the grounds of race, color, or national origin in the selection and retention of subcontractors, including procurement of materials and leases of equipment. The Contractor shall not participate either directly or indirectly in the discrimination prohibited by Section 21.5 of the Regulations, including employment practices when the contract covers a program set forth in Appendix B of the Regulations.

(c) Solicitations for Subcontracts, Including Procurement of Materials and Equipment. In all solicitations either by competitive bidding or negotiation made by the Contractor

for work to be performed under a subcontract, including procurements of materials or leases of equipment, each potential subcontractor or supplier shall be notified by the Contractor of the Contractor's obligations under this contract and the Regulations relative to nondiscrimination on the grounds of race, religion, color, sex, age, or national origin.

(d) **Information and Reports.** The Contractor shall provide all information and reports required by the Regulations or directive issued pursuant thereto, and shall permit access to its books, records, accounts, other sources of information, and its facilities as may be determined by the Authority or the Federal Transit Administration (FTA) to be pertinent to ascertain compliance with such Regulations, orders and instructions. Where any information is required or a Contractor is in the exclusive possession of another who fails or refuses to furnish this information, the Contractor shall so certify to the Authority, or FTA, as appropriate, and shall set forth what efforts it has made to obtain the information.

(e) **Sanctions for Noncompliance.** In the event of the Contractor's noncompliance with the nondiscrimination provisions of this contract, the Authority shall impose such contract sanctions as it or the FTA may determine to be appropriate, including, but not limited to:

- (1) withholding of payments to the Contractor under the contract until the contractor complies; and/or
- (2) cancellation, termination or suspension of the contract, in whole or in part.

(f) **Incorporation of Provisions.** The Contractor shall include the provisions of paragraph (1) through (f) above in every subcontract, including procurements of materials and leases of equipment, unless exempt by the Regulations, or directives issued pursuant thereto. The Contractor shall take such action with respect to any subcontract or procurement as the Authority or FTA may direct as a means of enforcing such revisions including sanctions for noncompliance: provided, however, that in the event a contractor becomes involved in, or is threatened with, litigation with a subcontractor or supplier as a result of such direction, the Contractor may request the Authority, and, in addition, the United States to enter into such litigation to protect the interests of the Authority and the United States.

### **3. CLEAN AIR AND WATER ACT**

(a) **Definitions:**

(1) "Air Act," as used in this clause, means the Clean Air Act (42 U.S.C. 7401 et seq.).

(2) "Clean air standards," as used in this clause means:

(i) any enforceable rules, regulations, guidelines, standards, limitations, orders, controls, prohibitions, work practices, or other requirements contained

in, issued under, or otherwise adopted under the Air Act or Executive Order 11738.

(ii) an applicable implementation plan as described in Section 110(d) of the Air Act [42 U.S.C. 7410(d)]; or

(iii) an approved implementation procedure under Section 112(d) of the Air Act [42 U.S.C. 7412(d)].

(3) "Clean water standards," as used in this clause, means any enforceable limitation, control, condition, prohibition, standard, or other requirement promulgated under the Water Act or contained in a permit issued to a discharger by the Environmental Protection Agency or by a State under an approved program, as authorized by Section 402 of the Water Act (33 U.S.C. 1342), or by local government to ensure compliance with pre-treatment regulations as required by Section 307 of the Water Act (33 U.S.C. 1317).

(4) "Compliance," as used in this clause, means compliance with:

(i) clean air or water standards; or

(ii) a schedule or plan ordered or approved by a court of competent jurisdiction, the Environmental Protection Agency, or an air or water pollution control agency under the requirements of the Air Act or Water Act and related regulations.

(5) "Facility," as used in this clause, means any building, plant, installation, structure, mine, vessel or other floating craft, location, or site of operations, owned, leased, or supervised, by a Contractor or subcontractor, sued in the performance of a contract or subcontract. When a location or site of operations includes more than one building, plant, installation, or structure, the entire location or site shall be deemed a facility except when the Administrator, or a designee of the Environmental Protection Agency, determines that independent facilities are co-located in one geographical area.

(6) "Water Act," as used in this clause, means Clean Water Act (33 U.S.C. 1251 et seq.).

(b) The Contractor agrees:

(1) to comply with all the requirements of Section 114 of the Clean Air Act (42 U.S.C. 7414) and Section 3098 of the Clean Water Act (33 U.S.C. 1318) relating to inspection, monitoring, entry, reports, and information, as well as other requirements specified in Section 114 and Section 308 of the Air Act and the Water Act, and all regulations and guidelines issued to implement those acts before the award of this contract.

(2) that no portion of the work required by the prime contract will be performed in a facility listed on the Environmental Protection Agency List of Violating

Facilities on the date when this contract was awarded unless and until the EPA eliminates the name of the facility from the listing;

(3) to use best efforts to comply with clean air standards and clean water standards at the facility in which the contract is being performed; and

(4) to insert the substance of this clause into any nonexempt subcontract, including this paragraph (b)(4).

#### **4. ENERGY POLICY AND CONSERVATION ACT**

The Contractor shall recognize mandatory standards and policies relating to energy efficiency contained in the State Energy Conservation Plan issued in compliance with the Energy Policy and Conservation Act (42 U.S.C. Section 6321 et seq.).

#### **5. OFFICIALS NOT TO BENEFIT**

No member of or delegate to Congress, or resident commissioner, shall be admitted to any share or part of this contract or to any benefit arising from it. However, this clause does not apply to this contract to the extent that this contract is made with a corporation for the corporation's general benefit.

#### **6. BUY AMERICA PROVISION**

This contract is subject to the Buy America provisions of the Surface Transportation Assistance Act of 1982, as amended, and the Federal Transit Administration's implementing regulations found at 49 C.F.R. Part 661. The provisions of that Act and its implementing regulations are hereby incorporated by reference into this contract.

#### **7. AUDIT AND INSPECTION OF RECORDS**

(a) This clause is applicable if this contract was entered into by means of negotiation and shall become operative with respect to any modification to this contract whether this contract was initially entered into by means of negotiation or by means of formal advertising.

(b) The Contractor shall maintain records, and the Authority, the U.S. Department of Transportation, and the Comptroller General of the United States or any of their duly authorized representatives shall, until the expiration of three (3) years after final payment under this contract, have access to and the right to examine any directly pertinent books, documents, papers, and records of such Contractor, involving transactions related to the contract, for the purpose of making audit, examination, excerpts and transcriptions.

(c) The Contractor further agrees to include in all subcontracts hereunder a provision to the effect that the subcontractor agrees that the Authority, the U.S. Department of Transportation, and the Comptroller General of the United States or any of their duly authorized representatives shall, until the expiration of three (3) years after final payment under this contract, have access to and the right to examine any directly pertinent books,

documents, papers and records of such subcontractor, involving transactions related to the subcontract, for the purpose of making audit, examination, excerpts and transactions.

## **8. RESTRICTIONS ON LOBBYING**

(a) The Contractor shall timely comply with the requirements of the lobbying restrictions set forth in Section 301 of Public Law 101-121, as implemented by the Department of Transportation in 49 C.F.R. Part 20, and as those authorities may be hereafter amended.

(b) If a Standard Form LLL, "Disclosure Form to Report Lobbying," is required to be completed by the Contractor or subcontractor at any tier, such disclosure form shall be furnished to the Authority.

## **9. ACCESS REQUIREMENTS TO INDIVIDUALS WITH DISABILITIES**

The Contractor shall comply with all applicable requirements of the Americans with Disabilities Act of 1990 (ADA), 42 U.S.C. 12101 et seq. and 49 U.S.C. 322; Section 504 of the Rehabilitation Act of 1973, as amended, 29 U.S.C. 794; Section 16 of the Federal Transit Act, as amended, 49 U.S.C. app. 1612; and the following regulations and any amendments thereto:

- (1) U.S. DOT regulations, "Transportation Services for Individuals with Disabilities (ADA)," 49 C.F.R. Part 37;
- (2) U.S. DOT regulations, "Nondiscrimination on the Basis of Handicap in Programs and Activities Receiving or Benefiting from Federal Financial Assistance," 49 C.F.R. Part 27;
- (3) U.S. DOT regulations, "Americans With Disabilities (ADA) Accessibility Specifications for Transportation Vehicles," 49 C.F.R. Part 39;
- (4) Department of Justice (DOJ) regulations, "Nondiscrimination on the Basis of Disability in State and Local Government Services," 28 C.F.R. Part 36;
- (5) DOJ Regulations, "Nondiscrimination on the Basis of Disability by Public Accommodations and in Commercial Facilities," 28 C.F.R. Part 36;
- (6) General Services Administration regulations, "Construction and Alteration of Public Buildings," "Accommodations for the Physically Handicapped," 41 C.F.R. Part 101-10;
- (7) Equal Employment Opportunity Commission (EEOC) "Regulations to Implement the Equal Employment Provisions of the Americans with Disabilities Act," 29 C.F.R. Part 1630;

(8) Federal Communications Commission regulations, "Telecommunications Relay Services and Related Customer Premises Equipment for the Hearing and Speech Disabled," 47 C.F.R. Part 64, Subpart F; and

(9) FTA regulations, "Transportation for Elderly and Handicapped Persons," 49 C.F.R. Part 609.

#### **10. SEISMIC SAFETY REGULATIONS**

The contractor agrees that any new building or addition to an existing building will be designed and constructed in accordance with the standards for Seismic Safety required in Department of Transportation Seismic Safety Regulations 49 CFR Part 41 and will certify to compliance to the extent required by the regulation. The contractor also agrees to ensure that all work performed under this contract including work performed by a subcontractor is in compliance with the standards required by the Seismic Safety Regulations and the certification of compliance issued on the project.

#### **11. DISADVANTAGE BUSINESS ENTERPRISES (DBEs)**

The Disadvantaged Business Enterprises (DBE) requirements of 49 C.F.R Part 23, as set forth in FTA Circular C 4220.1F applies to this contract.

#### **12. PROGRAM FRAUD AND FALSE OR FRAUDULENT STATEMENTS AND RELATED ACTS**

(a) The Contractor acknowledges that the provisions of the Program Fraud Civil Remedies Act of 1986, as amended, 31 U.S.C. §§ 3801 et seq. and U.S. DOT regulations, "Program Fraud Civil Remedies," 49 C.F.R. Part 31, apply to its actions pertaining to this contract. The Contractor certifies or affirms the truthfulness and accuracy of any statement it has made, it makes, it may make, or causes to be made, pertaining to the contract or the FTA assisted project for which this contract work is being performed. In addition to other penalties that may be applicable, the Contractor further acknowledges that if it makes, or causes to be made, a false, fictitious, or fraudulent claim, statement, submission, or certification, the Federal Government reserves the right to impose the penalties of the Program Fraud Civil Remedies Act of 1986 on the Contractor to the extent the Federal Government deems appropriate.

(b) The Contractor also acknowledges that if it makes, or causes to be made, a false, fictitious, or fraudulent claim, statement, submission, or certification to the Federal Government under a contract connected with a project that is financed in whole or in part with Federal assistance originally awarded by FTA under the authority of 49 U.S.C. § 5307, the Government reserves the right to impose the penalties of 18 U.S.C. § 1001 and 49 U.S.C. § 5307(n)(1) on the Contractor, to the extent the Federal Government deems appropriate.

(c) The Contractor agrees to include the above two clauses in each subcontract associated with this contract. It is further agreed that the clauses shall not be modified, except to identify the subcontractor who will be subject to the provisions.

### **13. PRIVACY ACT**

(a) The Contractor agrees to comply with, and assures the compliance of its employees with, the information restriction and other applicable requirements of the Privacy Act of 1974, 5 U.S.C. § 552a. Among other things, the Contractor agrees to obtain the express consent of the Federal Government before the Contractor or its employees operate a system of records on behalf of the Federal Government. The Contractor understands that the requirements of the Privacy Act, including the civil and criminal penalties for violation of that Act, apply to those individuals involved, and that failure to comply with the terms of the Privacy Act may result in termination of the contract.

(b) The Contractor agrees to include the above clause in each subcontract associated with this contract. It is further agreed that the clauses shall not be modified, except to identify the subcontractor who will be subject to the provisions.

### **14. NO OBLIGATION BY THE FEDERAL GOVERNMENT**

(a) Notwithstanding any concurrence by the Federal Government in or approval of the solicitation or award of the contract, absent the express written consent by the Federal Government, the Federal Government is not a party to this Contract and shall not be subject to any obligations or liabilities to the Contractor, or any other party (whether or not a party to that contract) pertaining to any matter resulting from the underlying contract.

(b) The Contractor agrees to include the above clause in each subcontract associated with this contract. The clause shall not be modified, except to identify the subcontractor who will be subject to its provisions.

### **15. NOTICE OF FEDERAL REQUIREMENTS**

(a) The Contractor shall at all times comply with all applicable Federal Transit Administration (FTA) regulations, policies, procedures and directives, including without limitation those listed directly or by reference in Capital Metro's grant agreement with the FTA, (Form FTA MA (2) dated October, 1995), as they may be amended or promulgated from time to time during the term of this contract. The Contractor's failure to so comply shall constitute a material breach of this Contract.

(b) The Contractor is advised that Federal requirements applicable to this contract as set forth in federal law, regulations, policies, and related administrative practices may change during the performance of this contract. Any such changes shall also apply to this contract.

**16. INCORPORATION OF FEDERAL TRANSIT ADMINISTRATION (FTA) TERMS - FTA CIRCULAR 4220.1F**

The preceding provisions include, in part, certain Standard Terms and Conditions required by the Department of Transportation (DOT), whether or not expressly set forth in the preceding contract provisions. All contractual provisions required by DOT, as set forth in FTA Circular 4220.1F, dated November 1, 2008, are hereby incorporated by reference. Anything to the contrary herein notwithstanding, all FTA mandated terms shall be deemed to control in the event of a conflict with other provisions contained in this contract. The Contractor shall not perform any act, fail to perform any act, or refuse to comply with any Capital Metropolitan Transit Authority (Capital Metro) requests, which would cause Capital Metro to be in violation of the FTA terms and conditions.

**17. COPELAND ANTI-KICKBACK ACT**

The Contractor shall comply with the requirements of 29CFR, Part 3, which are incorporated by reference in this contract.

**18. DAVIS-BACON ACT (40 USC &167; 276a -276a-5 (1998) 29 CFR § 5 (1999)**

(The language in this clause is mandated under the DOL regulations at 29 C.F.R. § 5.5.)

**(a) Minimum wages**

(1) All laborers and mechanics employed or working upon the site of the work (or under the United States Housing Act of 1937 or under the Housing Act of 1949 in the construction or development of the project), will be paid unconditionally and not less often than once a week, and without subsequent deduction or rebate on any account (except such payroll deductions as are permitted by regulations issued by the Secretary of Labor under the Copeland Act (29 CFR part 3)), the full amount of wages and bona fide fringe benefits (or cash equivalents thereof) due at time of payment computed at rates not less than those contained in the wage determination of the Secretary of Labor which is attached hereto and made a part hereof, regardless of any contractual relationship which may be alleged to exist between the contractor and such laborers and mechanics. Contributions made or costs reasonably anticipated for bona fide fringe benefits under section 1(b)(2) of the Davis-Bacon Act on behalf of laborers or mechanics are considered wages paid to such laborers or mechanics, subject to the provisions of paragraph (1)(iv) of 29 CFR 5.5; also, regular contributions made or costs incurred for more than a weekly period (but not less often than quarterly) under plans, funds, or programs which cover the particular weekly period, are deemed to be constructively made or incurred during such weekly period. Such laborers and mechanics shall be paid the appropriate wage rate and fringe benefits on the wage determination for the classification of work actually performed, without regard to skill, except as provided in 29 CFR Part 5.5(a)(4). Laborers or mechanics

performing work in more than one classification may be compensated at the rate specified for each classification for the time actually worked therein: Provided, That the employer's payroll records accurately set forth the time spent in each classification in which work is performed. The wage determination and the Davis-Bacon poster (WH-1321) shall be posted at all times by the contractor and its subcontractors at the site of the work in a prominent and accessible place where it can be easily seen by the workers.

(2)

(i) The contracting officer shall require that any class of laborers or mechanics, including helpers, which is not listed in the wage determination and which is to be employed under the contract shall be classified in conformance with the wage determination. The contracting officer shall approve an additional classification and wage rate and fringe benefits therefore only when the following criteria have been met:

(A) Except with respect to helpers as defined as 29 CFR 5.2(n)(4), the work to be performed by the classification requested is not performed by a classification in the wage determination; and

(B) The classification is utilized in the area by the construction industry; and

(C) The proposed wage rate, including any bona fide fringe benefits, bears a reasonable relationship to the wage rates contained in the wage determination; and

(D) With respect to helpers as defined in 29 CFR 5.2(n)(4), such a classification prevails in the area in which the work is performed.

(ii) If the contractor and the laborers and mechanics to be employed in the classification (if known), or their representatives, and the contracting officer agree on the classification and wage rate (including the amount designated for fringe benefits where appropriate), a report of the action taken shall be sent by the contracting officer to the Administrator of the Wage and Hour Division, Employment Standards Administration, U.S. Department of Labor, Washington, DC 20210. The Administrator, or an authorized representative, will approve, modify, or disapprove every additional classification action within 30 days of receipt and so advise the contracting officer or will notify the contracting officer within the 30-day period that additional time is necessary.

(iii) In the event the contractor, the laborers or mechanics to be employed in the classification or their representatives, and the contracting officer do not agree on the proposed classification and wage rate (including the amount designated for fringe benefits, where appropriate), the contracting officer shall

refer the questions, including the views of all interested parties and the recommendation of the contracting officer, to the Administrator for determination. The Administrator, or an authorized representative, will issue a determination within 30 days of receipt and so advise the contracting officer or will notify the contracting officer within the 30-day period that additional time is necessary.

(iv) The wage rate (including fringe benefits where appropriate) determined pursuant to paragraphs (a)(1)(ii) (B) or (C) of 29 CFR 5.5, shall be paid to all workers performing work in the classification under this contract from the first day on which work is performed in the classification.

(3) Whenever the minimum wage rate prescribed in the contract for a class of laborers or mechanics includes a fringe benefit which is not expressed as an hourly rate, the contractor shall either pay the benefit as stated in the wage determination or shall pay another bona fide fringe benefit or an hourly cash equivalent thereof.

(4) If the contractor does not make payments to a trustee or other third person, the contractor may consider as part of the wages of any laborer or mechanic the amount of any costs reasonably anticipated in providing bona fide fringe benefits under a plan or program, Provided, That the Secretary of Labor has found, upon the written request of the contractor, that the applicable standards of the Davis-Bacon Act have been met. The Secretary of Labor may require the contractor to set aside in a separate account assets for the meeting of obligations under the plan or program.

(5) The contracting officer shall require that any class of laborers or mechanics which is not listed in the wage determination and which is to be employed under the contract shall be classified in conformance with the wage determination. The contracting officer shall approve an additional classification and wage rate and fringe benefits therefore only when the following criteria have been met:

(i) The work to be performed by the classification requested is not performed by a classification in the wage determination; and

(ii) The classification is utilized in the area by the construction industry; and

(iii) The proposed wage rate, including any bona fide fringe benefits, bears a reasonable relationship to the wage rates contained in the wage determination.

(b) **Withholding** - The Authority shall upon its own action or upon written request of an authorized representative of the Department of Labor withhold or cause to be withheld from the contractor under this contract or any other Federal contract with the same prime contractor, or any other federally-assisted contract subject to Davis-Bacon prevailing wage requirements, which is held by the same prime contractor, so much of the accrued

payments or advances as may be considered necessary to pay laborers and mechanics, including apprentices, trainees, and helpers, employed by the contractor or any subcontractor the full amount of wages required by the contract. In the event of failure to pay any laborer or mechanic, including any apprentice, trainee, or helper, employed or working on the site of the work (or under the United States Housing Act of 1937 or under the Housing Act of 1949 in the construction or development of the project), all or part of the wages required by the contract, the Authority may, after written notice to the contractor, sponsor, applicant, or owner, take such action as may be necessary to cause the suspension of any further payment, advance, or guarantee of funds until such violations have ceased.

(c) **Payrolls and basic records** - Payrolls and basic records relating thereto shall be maintained by the contractor during the course of the work and preserved for a period of three years thereafter for all laborers and mechanics working at the site of the work (or under the United States Housing Act of 1937, or under the Housing Act of 1949, in the construction or development of the project). Such records shall contain the name, address, and social security number of each such worker, his or her correct classification, hourly rates of wages paid (including rates of contributions or costs anticipated for bona fide fringe benefits or cash equivalents thereof of the types described in section 1(b)(2)(B) of the Davis-Bacon Act), daily and weekly number of hours worked, deductions made and actual wages paid. Whenever the Secretary of Labor has found under 29 CFR 5.5(a)(1)(iv) that the wages of any laborer or mechanic include the amount of any costs reasonably anticipated in providing benefits under a plan or program described in section 1(b)(2)(B) of the Davis-Bacon Act, the contractor shall maintain records which show that the commitment to provide such benefits is enforceable, that the plan or program is financially responsible, and that the plan or program has been communicated in writing to the laborers or mechanics affected, and records which show the costs anticipated or the actual cost incurred in providing such benefits. Contractors employing apprentices or trainees under approved programs shall maintain written evidence of the registration of apprenticeship programs and certification of trainee programs, the registration of the apprentices and trainees, and the ratios and wage rates prescribed in the applicable programs.

(1) The contractor shall submit weekly for each week in which any contract work is performed a copy of all payrolls to the Authority for transmission to the Federal Transit Administration. The payrolls submitted shall set out accurately and completely all of the information required to be maintained under 29 CFR part 5. This information may be submitted in any form desired. Optional Form WH-347 is available for this purpose and may be purchased from the Superintendent of Documents (Federal Stock Number 029-005-00014-1), U.S. Government Printing Office, Washington, DC 20402. The prime contractor is responsible for the submission of copies of payrolls by all subcontractors.

(2) Each payroll submitted shall be accompanied by a "Statement of Compliance," signed by the contractor or subcontractor or his or her agent who pays or supervises

the payment of the persons employed under the contract and shall certify the following:

- (i) That the payroll for the payroll period contains the information required to be maintained under 29 CFR part 5 and that such information is correct and complete;
  - (ii) That each laborer or mechanic (including each helper, apprentice, and trainee) employed on the contract during the payroll period has been paid the full weekly wages earned, without rebate, either directly or indirectly, and that no deductions have been made either directly or indirectly from the full wages earned, other than permissible deductions as set forth in Regulations, 29 CFR part 3;
  - (iii) That each laborer or mechanic has been paid not less than the applicable wage rates and fringe benefits or cash equivalents for the classification of work performed, as specified in the applicable wage determination incorporated into the contract.
- (3) The weekly submission of a properly executed certification set forth on the reverse side of Optional Form WH-347 shall satisfy the requirement for submission of the "Statement of Compliance" required by paragraph (a)(3)(ii)(B) of 29 CFR 5.5.
- (4) The falsification of any of the above certifications may subject the contractor or subcontractor to civil or criminal prosecution under section 1001 of title 18 and section 231 of title 31 of the United States Code.
- (i) The contractor or subcontractor shall make the records required under paragraph (a)(3)(i) of 29 CFR 5.5 available for inspection, copying, or transcription by authorized representatives of the Federal Transit Administration or the Department of Labor, and shall permit such representatives to interview employees during working hours on the job. If the contractor or subcontractor fails to submit the required records or to make them available, the Federal agency may, after written notice to the contractor, sponsor, applicant, or owner, take such action as may be necessary to cause the suspension of any further payment, advance, or guarantee of funds. Furthermore, failure to submit the required records upon request or to make such records available may be grounds for debarment action pursuant to 29 CFR 5.12.

(d) **Apprentices and trainees**

(1) Apprentices - Apprentices will be permitted to work at less than the predetermined rate for the work they performed when they are employed pursuant to and individually registered in a bona fide apprenticeship program registered with the U.S. Department of Labor, Employment and Training Administration, Bureau of Apprenticeship and Training, or with a State Apprenticeship Agency recognized by the Bureau, or if a person is employed in his or her first 90 days of probationary employment as an apprentice in such an apprenticeship program, who is not individually registered in the program, but who has been certified by the Bureau of Apprenticeship and Training or a State Apprenticeship Agency (where appropriate) to be eligible for probationary employment as an apprentice. The allowable ratio of apprentices to journeymen on the job site in any craft classification shall not be greater than the ratio permitted to the contractor as to the entire work force under the registered program. Any worker listed on a payroll at an apprentice wage rate, who is not registered or otherwise employed as stated above, shall be paid not less than the applicable wage rate on the wage determination for the classification of work actually performed. In addition, any apprentice performing work on the job site in excess of the ratio permitted under the registered program shall be paid not less than the applicable wage rate on the wage determination for the work actually performed. Where a contractor is performing construction on a project in a locality other than that in which its program is registered, the ratios and wage rates (expressed in percentages of the journeyman's hourly rate) specified in the contractor's or subcontractor's registered program shall be observed. Every apprentice must be paid at not less than the rate specified in the registered program for the apprentice's level of progress, expressed as a percentage of the journeymen hourly rate specified in the applicable wage determination. Apprentices shall be paid fringe benefits in accordance with the provisions of the apprenticeship program. If the apprenticeship program does not specify fringe benefits, apprentices must be paid the full amount of fringe benefits listed on the wage determination for the applicable classification. If the Administrator of the Wage and Hour Division of the U.S. Department of Labor determines that a different practice prevails for the applicable apprentice classification, fringes shall be paid in accordance with that determination. In the event the Bureau of Apprenticeship and Training, or a State Apprenticeship Agency recognized by the Bureau, withdraws approval of an apprenticeship program, the contractor will no longer be permitted to utilize apprentices at less than the applicable predetermined rate for the work performed until an acceptable program is approved.

(2) Trainees - Except as provided in 29 CFR 5.16, trainees will not be permitted to work at less than the predetermined rate for the work performed unless they are employed pursuant to and individually registered in a program which has received prior approval, evidenced by formal certification by the U.S. Department of Labor, Employment and Training Administration. The ratio of trainees to journeymen on the job site shall not be greater than permitted under the plan approved by the Employment and Training Administration. Every trainee must be paid at not less

than the rate specified in the approved program for the trainee's level of progress, expressed as a percentage of the journeyman hourly rate specified in the applicable wage determination. Trainees shall be paid fringe benefits in accordance with the provisions of the trainee program. If the trainee program does not mention fringe benefits, trainees shall be paid the full amount of fringe benefits listed on the wage determination unless the Administrator of the Wage and Hour Division determines that there is an apprenticeship program associated with the corresponding journeyman wage rate on the wage determination which provides for less than full fringe benefits for apprentices. Any employee listed on the payroll at a trainee rate that is not registered and participating in a training plan approved by the Employment and Training Administration shall be paid not less than the applicable wage rate on the wage determination for the classification of work actually performed. In addition, any trainee performing work on the job site in excess of the ratio permitted under the registered program shall be paid not less than the applicable wage rate on the wage determination for the work actually performed. In the event the Employment and Training Administration withdraws approval of a training program, the contractor will no longer be permitted to utilize trainees at less than the applicable predetermined rate for the work performed until an acceptable program is approved.

(3) Equal employment opportunity - The utilization of apprentices, trainees and journeymen under this part shall be in conformity with the equal employment opportunity requirements of Executive Order 11246, as amended, and 29 CFR part 30.

(e) **Compliance with Copeland Act requirements** - The contractor shall comply with the requirements of 29 CFR part 3, which are incorporated by reference in this contract.

(f) **Subcontracts** - The contractor or subcontractor shall insert in any subcontracts the clauses contained in 29 CFR 5.5(a)(1) through (10) and such other clauses as the Federal Transit Administration may by appropriate instructions require, and also a clause requiring the subcontractors to include these clauses in any lower tier subcontracts. The prime contractor shall be responsible for the compliance by any subcontractor or lower tier subcontractor with all the contract clauses in 29 CFR 5.5.

(g) **Contract termination: debarment** - A breach of the contract clauses in 29 CFR 5.5 may be grounds for termination of the contract, and for debarment as a contractor and a subcontractor as provided in 29 CFR 5.12.

(h) **Compliance with Davis-Bacon and Related Act requirements** - All rulings and interpretations of the Davis-Bacon and Related Acts contained in 29 CFR parts 1, 3, and 5 are herein incorporated by reference in this contract.

(i) **Disputes concerning labor standards** - Disputes arising out of the labor standards provisions of this contract shall not be subject to the general disputes clause of this contract. Such disputes shall be resolved in accordance with the procedures of the

Department of Labor set forth in 29 CFR parts 5, 6, and 7. Disputes within the meaning of this clause include disputes between the contractor (or any of its subcontractors) and the contracting agency, the U.S. Department of Labor, or the employees or their representatives.

**(j) Certification of eligibility**

(1) By entering into this contract, the contractor certifies that neither it (nor he or she) nor any person or firm who has an interest in the contractor's firm is a person or firm ineligible to be awarded Government contracts by virtue of section 3(a) of the Davis-Bacon Act or 29 CFR 5.12(a)(1).

(2) No part of this contract shall be subcontracted to any person or firm ineligible for award of a Government contract by virtue of section 3(a) of the Davis-Bacon Act or 29 CFR 5.12(a)(1).

(3) The penalty for making false statements is prescribed in the U.S. Criminal Code, 18 U.S.C. 1001.

## DBE GOAL

The City of Austin is a Recipient of Federal Aviation Administration (FAA) and Department of Transportation (DOT) grant funding, therefore it is necessary to follow the requirements of the United States Department of Transportation, as contained in 49 CFR Part 26 and the applicable City of Austin's City Code, Chapter 2-9(A-D), as amended.

The DBE participation goal that applies to this solicitation is as follows: **DBE GOAL 11.84 %**

## OVERVIEW

It is the policy of the City of Austin and the United States Department of Transportation (DOT) that Disadvantaged Business Enterprises (DBE), as defined in 49 CFR Part 26, have equal opportunities to participate in the performance of contracts on the City of Austin's Austin-Bergstrom International Airport. The DBE requirements of 49 CFR Part 26 and the applicable City of Austin City Code, Chapter 2-9A, as amended, apply to this solicitation. **All bidders must comply with 49 CFR Part 26 and the applicable City of Austin's Codes, Section 2-9(A-D) and Program Rules to ensure that Disadvantaged Business Enterprises have equal opportunity to compete for and perform on contracts.** The City of Austin and its contractors shall not discriminate on the basis of race, color, national origin, disability or gender in the award and performance of contracts.

Contractors seeking to participate on this project agree to ensure that Disadvantaged Business Enterprises have equal opportunity to participate in the performance of contracts and subcontracts. A firm submitting a bid or proposal on this project is asked to make good faith efforts to meet or exceed the goal for DBE participation.

Prior to the due date and time specified in the City's solicitation documents, all Bidders (including those Firms certified as DBEs) shall submit: (1) an *DBE Compliance Plan* (Appendix A); and (2) if the project goal is not met, all appropriate documentation to demonstrate Good Faith Efforts to meet the project goals. Any questions regarding preparation of the *Compliance Plan* should be directed to SMBR at (512) 974-7600. Such contact will not be a violation of the anti-lobbying ordinance.

Pursuant to Chapter 2-7 (Anti-Lobbying Ordinance), there is a "no-contact" period from the date the City issues a solicitation until the contract is executed. During the "no-contact" period, a person responding to a City solicitation can speak only to the contract's authorized contact person regarding their solicitation response. Chapter 2-7 allows certain exceptions; for instance, a person responding to a City solicitation may speak to SMBR regarding this *Compliance Plan*. See the full language of the Ordinance, City Chapter, or solicitation documents for further details.

**If the *Compliance Plan* and Good Faith Efforts documentation are not submitted prior to the due date and time specified in the solicitation documents, the bid will be deemed non-responsive and not be accepted for consideration.**

## **COMPLIANCE PLAN INSTRUCTIONS**

(See Appendix A)

SMBR may request written clarification of items listed on the *Compliance Plan*. However, there will be no further opportunity for the Bidder to augment the DBE participation originally listed in the *Compliance Plan* or to demonstrate Good Faith Efforts that were not made prior to the submission of the *Compliance Plan*. Changes to the *Compliance Plan* are permitted only after contract execution and only with prior written approval of SMBR.

Please type or clearly print all information, use “none” or “N/A” where appropriate, and sign and date the *Compliance Plan* as indicated. Please fill in all the blanks and use EXACT numbers. DO NOT USE: “approximate,” “plus or minus (+ -),” “up to,” “to be determined (TBD),” “< >”, or any other qualifying language.

***Compliance Plans* not complying with *Compliance Plan* Instructions shall be rejected as non-responsive. Submissions not utilizing the forms provided with the solicitation may render the submission nonresponsive or noncompliant.**

### **Section I Project Identification and Goals**

This section includes the pre-printed Project Name, Project/Solicitation Number, and goals. The Bidder does not need to fill in any information under Section I.

### **Section II Prime Company Information**

The Bidder should complete this section with its information and sign in the space provided. The portion of Section II marked as “Reserved for City of Austin SMBR Only” should be left blank.

### **Section III *Compliance Plan* Summary**

This section is a summary of subcontractor participation in this Bid. Bidder should complete Sections IV-VII, described below, before attempting to complete Section III. After completing Sections IV-VII, calculate the percentage of DBE participation for each goal and enter the information in the blanks provided. Because Section III is a summary, if there are any inconsistencies between Sections IV-VII and Section III, the calculations contained in Sections IV-VII will prevail.

### **Section IV Disclosure of DBE Participation**

Please list all certified DBEs subcontractors and the value of the work they will be performing themselves except for subcontractor(s) that will be performing the trucking or hauling scope of work (see Section VII below). Do not include the value of work that the DBE’s subcontractors will be subcontracting to second-level subcontractors. By listing certified DBE Firms on the *Compliance Plan*, the Bidder indicates that both parties acknowledge the price and scope of work and that they are prepared to contract for that price and scope if the City awards the project to the Bidder. Unit price subcontracts are acceptable if appropriate to the type of work being performed. A Letter of Intent (LOI) does not replace a binding contract between a prime contractor and a subcontractor.

Before completing Section IV of the *Compliance Plan*, please read the following instructions regarding how to count DBE participation:

- (A) When a DBE participates in a contract, only the value of the work actually performed by the DBE will be counted towards the goal.
- 1) When a DBE subcontracts part of the work of its contract to another firm, the value of the subcontracted work may be counted toward the DBE goal only if the DBE's subcontractor is itself a DBE. Work that a DBE subcontracts to a non-DBE firm does not count toward the DBE goal.
  - 2) The entire amount of that portion of a construction contract that is performed by the DBE's own forces shall be counted, including the cost of supplies and materials obtained by the DBE for the work of the contract, and supplies purchased or equipment leased by the DBE (except supplies and equipment the DBE subcontractor purchases or leases from the prime contractor or its affiliate).
  - 3) The entire amount of fees or commissions charged by a DBE firm for providing a bona fide service, such as professional, technical, consultant, or managerial services, or for providing bonds or insurance specifically required for the performance of a contract, toward the DBE goal, provided the fee is reasonable and not excessive as compared with fees customarily allowed for similar services shall be counted.
- (B) When a DBE performs as a participant in a joint venture, only the portion of the total dollar value of the contract equal to the distinct, clearly defined portion of the work of the contract that the DBE performs with its own forces toward DBE goals shall be counted.
- (C) Only expenditures to a DBE contractor that is performing a commercially useful function shall be counted. In determining whether an DBE contractor is performing a commercial useful function, the following considerations shall be taken into account:
- 1) A DBE performs a commercially useful function when it is responsible for execution of the work of the contract and is carrying out its responsibilities by actually performing, managing, and supervising the work involved. To perform a commercially useful function, the DBE must also be responsible, with respect to materials and supplies used on the contract, for negotiating price, determining quality and quantity, ordering the material, and installing (where applicable) and paying for the material itself. The determination that a DBE is performing a commercially useful function will be informed by the amount of work subcontracted, industry practices, whether the amount the firm is to be paid under the contract is commensurate with the work it is actually performing, and other relevant factors.
  - 2) A DBE does not perform a commercially useful function if its role is limited to that of an extra participant in a transaction, contract, or project through which funds are passed in order to obtain the appearance of DBE participation.
  - 3) If a DBE does not perform or exercise responsibility for at least 30 percent of the total cost of its contract with its own work force, or the DBE subcontracts a greater portion of the work of a

contract than would be expected on the basis of normal industry practice for the type of work involved, it is not performing a commercially useful function.

- 4) When a DBE is presumed not to be performing a commercially useful function as provided in paragraph (C)(3) of this section, the DBE may present evidence to rebut this presumption. SMBR may determine that the firm is performing a commercially useful function given the type of work involved and normal industry practices.

(D) In determining whether a DBE trucking company is performing a commercially useful function, the following criteria shall be considered:

- 1) The DBE must be responsible for the management and supervision of the entire trucking operation for which it is responsible on a particular contract, and there cannot be a contrived arrangement for the purpose of meeting the DBE goal.
- 2) The DBE must itself own and operate at least one fully licensed, insured, and operational truck used on the contract.
- 3) The DBE receives credit for the total value of the transportation services it provides on the contract using trucks it owns, insures, and operates using drivers it employs.
- 4) The DBE may lease trucks from another DBE firm, including an owner-operator who is certified as a DBE. The DBE who leases trucks from another DBE receives credit for the total value of the transportation services the lessee DBE provides on the contract.
- 5) The DBE may also lease trucks from a non-DBE firm, including an owner-operator. The DBE who leases trucks from a non-DBE is entitled to credit only for the fee or commission it receives as a result of the lease arrangement. The DBE does not count for the total value of the transportation services provided by the lessee toward the goal, since these services are not provided by a DBE.
- 6) For purposes of this paragraph (D), a lease must indicate that the DBE has exclusive use of and control over the truck. This does not preclude the leased truck from working for others during the term of the lease with the consent of the DBE, so long as the lease gives the DBE absolute priority for use of the leased truck. Leased trucks must display the name and identification number of the DBE.

(E) Expenditures with DBEs for materials or supplies shall be counted toward the DBE goal as follows:

- 1) If the materials or supplies are obtained from a DBE manufacturer or regular dealer, 100 percent of the cost of the materials or supplies toward DBE goals shall be counted.
- 2) For purposes of this paragraph (E)(1), a manufacturer is a firm that operates or maintains a factory or establishment that produces, on the premises, the materials, supplies, articles, or equipment required under the contract and of the general character described by the specifications.

- 3) For purposes of this section, a regular dealer is a firm that owns, operates, or maintains a store, warehouse, or other establishment in which the materials, supplies, articles or equipment of the general character described by the specifications and required under the contract are bought, kept in stock, and regularly sold or leased to the public in the usual course of business.
  - 4) To be a regular dealer, the firm must be an established, regular business that engages, as its principal business and under its own name, in the purchase and sale or lease of the products in question.
  - 5) A person may be a regular dealer in such bulk items as petroleum products, steel, cement, gravel, stone, or asphalt without owning, operating, or maintaining a place of business if the person both owns and operates distribution equipment for the products. Any supplementing of regular dealers' own distribution equipment shall be by a long-term lease agreement and not on an ad hoc or contract-by-contract basis.
  - 6) Packagers, brokers, manufacturers' representatives, or other persons who arrange or expedite transactions are not regular dealers.
  - 7) With respect to materials or supplies purchased from a DBE which is neither a manufacturer nor a regular dealer, count the entire amount of fees or commissions charged for assistance in the procurement of the materials and supplies, or fees or transportation charges for the delivery of materials or supplies required on a job site, toward the DBE goal if the fees are reasonable and not excessive as compared with fees customarily allowed for similar services. Do not count any portion of the cost of the materials and supplies themselves toward the DBE goal, however.
- (F) If a firm ceases to be a certified DBE during a contract, the dollar value of work performed under a contract with that firm after it has ceased to be certified shall not be counted.
- (G) In determining achievement of DBE goal, the participation of a DBE subcontractor shall not be counted until the amount being counted toward the goal has been paid to the DBE.
- (H) Where the solicitation requires the Bidder/Proposer to submit a base bid and one or more alternates, the City's decision regarding whether the Compliance Plan demonstrates the bidder's achievement of the goal or sufficient good faith efforts will be determined only on the base bid. However, the bidder is encouraged to use DBEs to complete any additional work added through alternates.

#### **Section V Disclosure of Non-Certified Subcontractors**

Please list all known non-certified subcontractors to be used in the performance of this contract, except for subcontractor(s) that will be performing the trucking or hauling scope of work (see Section VII below). If Bidder will not use any non-certified Firms, please write "N/A" in the first box on this page.

**If additional scopes of work are identified in this section as available for subcontracting beyond those identified in the availability lists provided, Bidder must contact SMBR to request an availability list of certified Firms for those additional scopes of work.**

The scopes of work indicated in Section V will be considered subcontracting opportunities for DBEs, unless it is demonstrated that certified DBEs are unavailable or do not possess the requirements in the technical portion of the solicitation to perform the work involved. If Bidder did not meet the project goals, Bidder must explain in the space provided why DBEs were not used as subcontractors. If Bidder did meet the project goals, please write "Goals Met" in the space provided.

#### **Section VI Disclosure of Second-Level Subcontractors**

Please complete this section if Bidder knows that one or more of their subcontractors will subcontract part of the work of their contracts to second-level subcontractors. In the last line of each entry box, please write the name of the first-level subcontractor that will be subcontracting work to the second-level subcontractor. The first-level subcontractor should be listed in Section IV or Section V. If Bidder is not aware of any second-level subcontractors, please write "N/A" in the first box on this page.

As discussed in Section IV above, when a DBE subcontractor subcontracts part of the work of its contract to another Firm, the value of that second-level subcontracted work may not be counted toward the goals based on the initial subcontractor's DBE certification. The value of the second-level subcontracted work may be counted toward the project goals only based on the second-level subcontractor's own DBE certification, if any. Work that a DBE subcontracts to a non-certified Firm does not count toward the goals. Work that a DBE subcontractor contracts to another certified Firm shall not be counted twice towards the goal.

#### **Section VII Disclosure of Primary and Alternate Trucking Subcontractors**

Please complete this section if the project includes trucking or hauling services as a scope of work. Each time this scope of work is required on the project, Bidder must contact the Firm listed as the primary trucking subcontractor in this section. If the primary trucking subcontractor is not available or cannot perform the entirety of the work at the time required, Bidder may contact the alternate trucking subcontractors in the order that Bidder lists them in this section. Bidder must contact the primary trucking subcontractor at least 24 hours before the work is to be performed. Bidder will not need to submit a Request for Change to use the alternate trucking subcontractors if Bidder contacted the primary trucking subcontractor first and then proceeded to contact the alternates in the order Bidder listed them on this section.

For purposes of meeting the project goals at the *Compliance Plan* stage, the entire value of this scope of work shall be assigned to the primary trucking subcontractor. At contract closeout, DBE participation will be counted based on the actual usage of the primary and alternate trucking subcontractors.

#### **Section VIII DBE *Compliance Plan* Check Sheet**

Please complete the DBE *Compliance Plan* Check Sheet with the information requested.

**GOOD FAITH EFFORTS INSTRUCTIONS**  
**(See Appendices B and D)**

The Bidder has a responsibility to make a portion of the work available to DBE subcontractors so as to facilitate meeting the goals. If the Bidder cannot achieve the goals, documentation of the Bidder's Good Faith Efforts to achieve the goals must be submitted at the same time as the *Compliance Plan*. That there may be some additional costs involved in soliciting and using DBEs is not a sufficient reason for a Bidder's failure to meet the goals, as long as such costs are reasonable. However, a Bidder is not required to accept a higher quote from a subcontractor in order to meet a goal.

**Contacting Potential DBE Subcontractors**

As part of Good Faith Efforts, Bidders must contact DBE subcontractors for each scope of work where there is a subcontracting opportunity. The availability list found at Appendix D includes information for certified DBE businesses. **The City neither warrants the capacity nor guarantees the performance of any Firm indicated on the availability list.**

The availability list is sorted in numerical sequence by National Institute of Governmental Purchasing (NIGP) Commodity Code. It includes all certified DBE vendors for the scopes of work identified by the City as being potentially applicable to this project. However, the availability list is not a comprehensive identification of all areas of potential subcontracting opportunities. If a Bidder identifies one or more work areas that are appropriate subcontracting opportunities that are not included on the availability list, the Bidder shall contact SMBR to request the availability of DBE Firms in those areas. Requests for supplemental availability lists will be evaluated as a part of the Bidder's Good Faith Efforts to meet the goals.

If Bidder believes any of the work areas on the availability list are not applicable to the project's scope of work or if Bidder believes that the lists are inaccurate, notify the authorized contact person of the concern. All Bidders will be notified in writing of any inaccuracy by addendum to the solicitation. Concerns about a particular DBE's certification status may be addressed to SMBR at (512) 974-7600 or the SMBR Certification Division at (512) 974-7645. If Bidder wants to use a subcontractor that does not appear on this list, Bidder may either request the subcontractor to furnish proof of certification and the specific work areas for which it has been certified or request such information from SMBR.

Appendix B shows the format for collecting required information from the subcontractors on the availability list. The information must be obtained at least five (5) business days prior to the submission of the *Compliance Plan*; alternate formats may be acceptable as long as they gather the same required information. Attached to the Subcontractor Vendor List at Appendix D is a list containing the names and addresses of all the DBE Firms in alphabetical order. This list is in label format and is designed to facilitate the printing of mailing labels.

## Good Faith Efforts Review

If the DBE goal is not met, SMBR will examine the *Compliance Plan* and the Good Faith Efforts documentation submitted with the *Compliance Plan* to ensure that the Bidder made Good Faith Efforts to meet the project goals. In determining whether the Bidder has made Good Faith Efforts, SMBR will consider, at a minimum, the Bidder's efforts to do the following:

- A. Soliciting through all reasonable and available means (e.g. attendance at pre-bid meetings, advertising and/or written notices) the interest of all certified DBEs who have the capability to perform the work of the contract. The bidder must solicit this interest within sufficient time to allow the DBEs to respond to the solicitation. The bidder must determine with certainty if the DBEs are interested by taking appropriate steps to follow up initial solicitations.
- B. Selecting portions of the work to be performed by DBEs in order to increase the likelihood that the DBE goals will be achieved. This includes, where appropriate, breaking out contract work items into economically feasible units to facilitate DBE participation, even when the prime contractor might otherwise prefer to perform these work items with its own forces.
- C. Providing interested DBEs with adequate information about the plans, specifications, and requirements of the contract in a timely manner to assist them in responding to a solicitation.
- D. (1). Negotiating in good faith with interested DBEs. It is the bidder's responsibility to make a portion of the work available to DBE subcontractors and/or suppliers and to select those portions of the work or material needs consistent with the available DBE subcontractors and/or suppliers, so as to facilitate DBE participation. Evidence of such negotiation includes the names, addresses, and telephone numbers of DBEs that were considered; a description of the information provided regarding the plans and specifications for the work selected for subcontracting; and evidence as to why additional agreements could not be reached for DBEs to perform the work.  
  
(2). A bidder using good business judgment would consider a number of factors in negotiating with subcontractors, including DBE subcontractors, and would take a firm's price and capabilities as well as contract goals into consideration. However, the fact that there may be some additional costs involved in finding and using DBEs is not in itself sufficient reason for a bidder's failure to meet the contract DBE goal, as long as such costs are reasonable. Also, the ability or desire of a prime contractor to perform the work of a contract with its own organization does not relieve the bidder of the responsibility to make good faith efforts. Prime contractors are not, however, required to accept higher quotes from DBEs if the price difference is excessive or unreasonable.
- E. Not rejecting DBEs as being unqualified without sound reasons based on a thorough investigation of their capabilities. The contractor's standing within its industry, membership in specific groups, organizations, or associations and political or social affiliations (for example union vs. non-union employee status) are not legitimate causes for the rejection or non-solicitation of bids in the contractor's efforts to meet the project goal.
- F. Making efforts to assist interested DBEs in obtaining bonding, lines of credit, or insurance.

- G. Making efforts to assist interested DBEs in obtaining necessary equipment, supplies, materials, or related assistance or services.
- H. Effectively using the services of available minority/women community organizations; minority/women contractors' groups; local, state, and Federal minority/women business assistance offices; and other organizations as allowed on a case-by-case basis to provide assistance in the recruitment and placement of DBEs.
- I. In determining whether a bidder has made good faith efforts, the City of Austin may take into account the performance of other bidders in meeting the contract. For example, when the apparent successful bidder fails to meet the contract goal, but others meet it, the City of Austin may reasonably raise the question of whether, with additional reasonable efforts, the apparent successful bidder could have met the goal. If the apparent successful bidder fails to meet the goal, but meets or exceeds the average DBE participation obtained by other bidders, the City of Austin may view this, in conjunction with other factors, as evidence of the apparent successful bidder having made good faith efforts.

Bidders may reject DBEs as unqualified only following thorough investigation of their capabilities. The DBE's membership or lack of membership in specific groups, organizations, or associations, and political or social affiliations (for example union or non-union employee status), are not legitimate causes for the rejection or non-solicitation of bids/proposals in the Bidder's efforts to meet the project goals.

**At a minimum, the following should be submitted to support Good Faith Effort documentation (documentation is not limited to this list):**

- Fax logs and copies of documents sent.
- Copies of written correspondence to certified firms (include names, addresses, and other identifying information).
- Phone logs with responses (*Phone contacts, alone, will not be sufficient.*).
- Lists and copies of letters sent by mail, hand delivered, or e-mailed.

**The following additional Good Faith Efforts factors may also be considered**

- Advertising in local newspapers.
- Copies of all bids received in response to Bidder contacting other Firms.
- Other communications regarding contacts with trade associations and Chambers of Commerce.

## **POST-AWARD INSTRUCTIONS**

(See Appendix C)

### **Letter of Intent**

The low Bidder according to the Certified Bid Tab is required to submit a signed and notarized Letter of Intent (LOI) from each subcontractor that is identified in the *Compliance Plan* within three (3) business days after receipt of a written request by the City. The LOIs must be in the format shown on the sample at Appendix C and must contain all information included in the sample. LOIs are required for all levels of subcontracting, and a separate LOI for each subcontractor is required. The amount and scope of work indicated on each LOI shall be the actual amount indicated on the *Compliance Plan* submitted with the bid and approved by the City.

Changes to the *Compliance Plan* including substitution of subcontractors are permitted only after contract execution and only with prior written approval of SMBR. Request for changes to the *Compliance Plan* must be submitted on the *Request for Change of Compliance Plan Form* for all levels of subcontracting. LOIs must be submitted for all additions of Subcontractors to the *Compliance Plan* prior to the start of work.

### **Post-Award Monitoring**

The City will monitor post-award compliance information regarding the use of certified DBE Firm(s) listed on the *Compliance Plan*. The contractor will be required to submit post award reports detailing the utilization of all subcontractors. The reports and other information regarding post-award compliance will be discussed with the successful Bidder. The following information on Payment Verification, Change Order/Contract Amendments, and Progressive Sanctions provides an overview of some of the post-award monitoring process.

#### **▪ Payment Verification**

Bidders are advised that the contract resulting from this solicitation includes a subcontractor payments clause. This clause requires all subcontractors to be paid within ten (10) calendar days from the date that the prime contractor has been paid by the City for invoices submitted by subcontractors.

The prime contractor shall submit a *Subcontractor/Supplier Awards and Expenditures Report* to the project manager and/or contract administrator at the time specified by the managing department. The report shall be in the format required by the City and shall include all awards and payments to subcontractors for goods and services provided under the contract during the previous month. This report may be used by the City to verify utilization of and payment to DBEs.

The prime contractor and/or any subcontractor whose subcontracts are being counted toward the DBE requirements shall allow the City access to records relating to the contract, including but not limited to, subcontracts, payroll records, tax information, and accounting records, for the purpose of determining whether the DBEs are performing the scheduled subcontract work.

In determining achievement of DBE goals, the participation of a DBE subcontractor shall not be counted until the amount being counted toward the goal has been paid.

▪ **Change Order/Contract Amendments**

The goals on this contract shall also apply to change orders that require work beyond the scope(s) of trades originally required to accomplish the project. The contractor is required to make Good Faith Efforts to obtain DBE participation for additional scopes of work.

Change orders that do not alter the type of trades originally required to accomplish the project may be undertaken using the subcontractors already under contract to the prime contractor. Project managers will have automatic SMBR approval to authorize any change order that **increases** the contract amount for an **existing** certified subcontractor and is **within** the existing scope being performed by that subcontractor.

▪ **Progressive Sanctions**

The successful Bidder's *Compliance Plan* will be incorporated into the resulting contract with the City. As described in Section 16.5 of the 00700 General Conditions to the Contract, progressive sanctions may be imposed for failure to comply with Chapter 2-9(A-D) of the City Code, including:

- Providing false or misleading information to the owner in connection with the submission of a Bid, in responses to requests for qualifications or proposals, in Good Faith Efforts documentation, in post award compliance, or in other Program operations;
- Substituting Subcontractors without first receiving approval for such substitutions, which may include the addition of an unapproved Subcontractor and failure to use a Subcontractor listed in the approved *Compliance Plan*; and
- Failure to comply with the approved *Compliance Plan* without an approved Request for Change, an approved Change Order, or other approved change to the Contract.

Please refer to Section 2-9A-25 of the City Code and SMBR Rule 11.5 for additional information.

**IFB – DBE COMPLIANCE PLAN**

*All sections (I-VIII) must be completed and submitted prior to the due date in the solicitation documents*

**Section I — Project Identification and Goals**

<b>Project Name</b>	ADA Ramp & Bus Stop Improvements 2014-2016 City Wide
<b>Solicitation Number</b>	IFB 6100 CLMC438

Project Goals	
DBE	11.84%

**Section II — Prime Company Information**

Name of Company	
Address	
City, State Zip	
Phone	
Fax	
Name of Contact Person	
Is prime company City certified?	Yes <input type="checkbox"/> No <input type="checkbox"/> DBE <input type="checkbox"/> DBE/Joint Venture <input type="checkbox"/>

I certify that the information included in this Compliance Plan is true and complete to the best of my knowledge and belief. I further understand and agree that this Compliance Plan shall become a part of my contract with the City of Austin.

\_\_\_\_\_  
Name and Title of Authorized Representative

## SECTION VIII—DBE COMPLIANCE PLAN CHECK LIST

The DBE *Compliance Plan* must be completed and submitted by the time specified in the solicitation documents. If the goals were not achieved, Good Faith Efforts documentation must be submitted with the DBE *Compliance Plan*. All questions in Section VIII MUST be completed and submitted with the *Compliance Plan* if goals are not met.

1. Were written notices sent to all DBEs from the availability list at least five (5) business days prior to the submission of this *Compliance Plan*?

Yes  No

2. Is documentation of those written notices attached?

Yes  No

3. Is written documentation of efforts to reach agreements with the DBEs who responded affirmatively to the Bidder's written notice attached?

Yes  No

4. Is documentation of other efforts to meet the goals attached?

Yes  No

5. Were additional elements of work identified to achieve the goals?

Yes  No

If yes, please explain: \_\_\_\_\_

\_\_\_\_\_

6. Was SMBR or any other Minority or Women organization contacted for assistance?

Yes  No

If yes, complete following:

Organization: \_\_\_\_\_

Contact Person: \_\_\_\_\_

Date of Contact: \_\_\_\_\_

**LETTER TO POTENTIAL SUBCONTRACTORS**

\_\_\_\_\_ is soliciting Minority and Women-Owned Business Enterprise participation for the following City of Austin project. Plans are available at the Austin area plan rooms, our office, and the locations listed in the Invitation for Bids.

Name of Project: \_\_\_\_\_

Project/Solicitation Number: \_\_\_\_\_

Location of Pre-bid Conference (if any): \_\_\_\_\_  
 \_\_\_\_\_  
 \_\_\_\_\_

Bid Date and Time: \_\_\_\_\_

**This Project Includes the Following Scopes of Service:**

- |   |   |
|---|---|
| <input type="checkbox"/> Asbestos Abatement           | <input type="checkbox"/> HVAC                           |
| <input type="checkbox"/> Carpentry                    | <input type="checkbox"/> Insulation                     |
| <input type="checkbox"/> Carpeting                    | <input type="checkbox"/> Lab and Field Testing Services |
| <input type="checkbox"/> Concrete                     | <input type="checkbox"/> Landscaping                    |
| <input type="checkbox"/> Demolition Services          | <input type="checkbox"/> Masonry                        |
| <input type="checkbox"/> Doors and Frames             | <input type="checkbox"/> Millwork                       |
| <input type="checkbox"/> Drilling                     | <input type="checkbox"/> Painting                       |
