I. Questions:

The following questions were posed by one or more contractors in writing. Each question (Q) is followed by its answer (A).

1. (Q) In general, how far from the street does the ROW extend? Can I assume it's just sidewalks/streetscapes and any beds that are situated closer to the street as compared to their distance from the nearest building?

(A) The areas in the ROW will be either in the sidewalk tree grates/planter boxes or between the sidewalk and curb.

2. (Q) Can you provide more clarity with respect to the site boundaries for the "Pfluger Bridge Extension over Cesar Chavez." Is it limited to just the ROW area highlighted in orange (see attached) What about the area in blue? Did I miss any additional areas?

(A) Both areas in orange and blue are included in Pfluger Bridge Extension location.

I. ALL OTHER TERMS AND CONDITIONS REMAIN THE SAME.
