

**ADDENDUM
CITY OF AUSTIN, TEXAS**

Solicitation: IFB MHJ0204

Addendum No: 1

Date of Addendum: 10/17/2016

This addendum is to incorporate the following changes to the above referenced solicitation:

1.0 Questions and Answers

1.1. **Q:** Will the vendor be required to provide the electrical installation?

A: The City of Austin Building Services Department will be installing the electrical.

1.2. **Q:** Does the vendor need to quote a DC disconnect?

A: The City of Austin Building Services Department will complete this in-house.

1.3. **Q:** What about a sidecar cabinet for input and output AC wires? The vendor would highly recommend that as the space in the UPS is limited and this is a much safer and more functional way to do the install.

A: This cabinet has been added to the IFB Bidsheet as item 4.

1.4. **Q:** Please be more specific in the SOW for the installation of UPS, will the vendor be doing all wiring etc. or to what extent is the vendor responsible?

A: The City of Austin Building Services Department will provide all electrical infrastructure wiring and termination.

1.5. **Q:** Who is responsible for the current UPS in place for removal and disposal?

A: This service has been added to the IFB Bidsheet as item 6.

1.6. **Q:** Should the 3 year warranty be added as a separate bid line?

A: This service has been added to the IFB Bidsheet as item 2.

1.7. **Q:** Will the City of Austin assist with the delivery of the UPS unit?

A: The Contractor shall be responsible to place all equipment in the final destination and assemble components. The terrain is uneven and I suggest a Sky Track type forklift with boom out capability.

2.0 Site Visit

2.1. Please note the City of Austin Building Services Department can conduct a site visit/tour on Thursday, October 20, 2016 at 1 PM (CST) via RSVP with Marty.James@austintexas.gov
If there are zero RSVP's, a visit/tour will not be scheduled.

3.0 Bid Sheet Updates

3.1. Please note the Bid Sheet has been updated to incorporate the items listed in section 1.0.
