Date of Addendum: April 14, 2016

This addendum is to incorporate the following changes to the above referenced solicitation:

I. **Clarification:** Section 0500, Page 9, Longhorn Dam section (last line)

- Motor Pumps Rooms Section, this is only a heat/smoke alarm, it is not a sprinkler system as the column name would indicate.
- The panel is a Simplex-Grinnell alarm panel. It is located in the N. Bascule and sends a radio signal to ECC and they contact Decker Control room
- There is no physical address for the Longhorn Dam, it is located on Pleasant Valley Rd. between Cesar Chavez and S. Lakeshore Blvd. There is a small parking area south of the dam.
