Re: Announcement  
Request for Statements of Qualifications (RFQ) for 2014 Austin Brownfields Hazardous and Petroleum Assessments  
Solicitation Number: CLMP159

The City of Austin, through Austin Resource Recovery (ARR) and its Contract Management Department (CMD), is requesting statements of qualifications for the selection of a professional consultant firm for the above-noted project. Statement of qualifications will be due **PRIOR to 3:00 p.m., Wednesday, August 6, 2014**, at 105 W. Riverside Drive, Suite 210, Austin, TX 78704. All SOQs not received and stamped prior to the date and time set forth above will not be accepted for consideration. The time stamp clock in the Suite 210 Reception Area is the time of record and is verified with [www.time.gov](http://www.time.gov), the Official U.S. time. The selection process for this project is anticipated to be completed for City Council action in November, 2014.

**A pre-response meeting will be held beginning at 3:00 p.m., Tuesday, July 15, 2014, in Training Room A, 1520 Rutherford Lane BLDG 1, Austin, TX, 78754.** The purpose of the meeting will be to respond to consultants' questions about the project and the procurement process. Attendance at the meeting is not a requirement for selection; however, meeting minutes will not be issued.

**All prime firms and subconsultants must be registered to do business with the City of Austin prior to the contract award.** Prime firms are responsible for ensuring that their subconsultants are registered as vendors with the City of Austin. You may register through the City of Austin's online Vendor Registration system. Log on to [www.austintexas.gov/financeonline/vendor\\_connection/index.cfm](http://www.austintexas.gov/financeonline/vendor_connection/index.cfm) and follow the directions.

A Request for Statements of Qualifications (RFQ) for these services is available which provides project background and requirements for submittal. For a copy of the RFQ, log on to Vendor Connection at [www.austintexas.gov/financeonline](http://www.austintexas.gov/financeonline). The complete RFQ packet is located as an attachment under the solicitation CLMP159. Copies may also be obtained through the City's Vendor Connection website: [https://www.ci.austin.tx.us/financeonline/vendor\\_connection/index.cfm](https://www.ci.austin.tx.us/financeonline/vendor_connection/index.cfm). The authorized contact persons for this solicitation are Christine Whitney, Project Manager, at (512) 974-6085 or Lynn Rich, Buyer II, at (512) 974-7009. Please contact Christine Whitney for all project related questions and me for any RFQ procurement process questions.

Sincerely,

Lynn Rich, Buyer II  
Contract Management Department  
Contract Procurement Division

cc: Christine Whitney

## INSTRUCTIONS TO CONSULTANTS

Solicitation Number: CLMP159

Project Name: 2014 Austin Brownfields Hazardous and Petroleum Assessments

---

### I. Preparation of Response

- a. **Request for Qualifications (RFQ) Response Forms.** Enclosed are the RFQ response forms which are to be completed and returned as part of your firm's response. Please use the enclosed current forms and organize your response in the order in which the forms are presented in the Table of Contents. Please submit **one (1) original, one (1) copy and one (1) copy on CD or flash drive** of the RFQ response. Wherever used, "page" refers to single-sided, single-spaced, 10 point minimum font printed on 8 ½ x 11 inch pages. Sections should be divided by tabs for ease of reference.

Responses sent to the City of Austin are subject to disclosure pursuant to the Public Information Act, Government Code, Chapter 552.

- b. **Disclosure of Proprietary Information.** All materials submitted to OWNER become public property and are subject to the Texas Public Information Act, Government Code Chapter 552, upon receipt. If Consultant does not desire proprietary information in the Proposal to be disclosed, each page must be identified and marked proprietary at time of submittal. OWNER will, to the extent allowed by law, endeavor to protect such information from disclosure. The final decision as to what information must be disclosed, however, lies with the Texas Attorney General. Failure to identify proprietary information will result in all unmarked sections being deemed non-proprietary and available upon public request.
- c. **Further Information.** Information may be secured by contacting the authorized contact persons listed in the RFQ. Persons desiring further information or interpretation of the solicitation requirements shall make a written request for such information to OWNER no later than seven (7) working days before submittal due date and time. Interpretation of Solicitation Documents will be made by Addendum or Clarification and a copy of each document will be emailed to each person to whom has obtained a RFQ packet. The addendum or clarification will also be available through the City's Vendor Connection.
- d. **Anti-Lobbying and Procurement.** Entities submitting statements of qualifications, including their agents and representatives, shall not undertake any activities or actions to promote or advertise their statement of qualifications to any member of the Austin City Council or City staff except in the course of City-sponsored inquiries, briefings, interviews, or presentations between the statement of qualifications submission date and award by City Council. Any violation of this provision may result in disqualification of the entity. Entity shall execute by signature the following Entity's Affidavit of Non-Collusion, Non-Conflict of Interest, and Anti-Lobbying and return the signed affidavit with their statement of qualifications. The Affidavit form is Form 4 under Proposal Forms. Article 6, Chapter 2-7, Austin City Code, prohibits lobbying activities or

representations by the Consultant between the date that the Request for Qualifications (RFQ) is issued and the date of contract execution. The text of the pertinent City Ordinance may be viewed at the following link:

<http://www.cityofaustin.org/edims/document.cfm?id=161145>.

(1) Definitions

- (A) "Authorized Contact Person" means the Project Manager listed in the Cover Letter of the RFQ, or other persons specifically named and designated in the RFQ as the contact for questions and comments regarding the RFQ.
- (B) "Completed Project" - The City will consider a project complete when:
  - a) The specified discipline for which you are working has been completed; or,
  - b) All phases or scopes of work have been completed
- (C) "No-Contact Period" means the period of time from the date the RFQ is issued until a contract is executed. If the City withdraws the RFQ or rejects all responses with the stated intention to reissue the same or a similar RFQ for the same or similar project, the no-contact period continues during the time period between the withdrawal and reissue.
- (D) Project Manager - The City defines a project manager as an individual in the prime firm who:
  - i. Sets deadlines, assigns responsibilities, and monitors and summarizes progress of the project.
  - ii. Has the responsibility of the planning, execution, and closing of a project.
  - iii. Is responsible for accomplishing the stated project objectives.
  - iv. Leads project meetings to collect and disseminate information pertaining to project.
  - v. Coordinates the collection and dissemination of information between/within the company and City.
  - vi. Manages all aspects of the project, including subconsultants.
- (E) Project Principal - The City defines a project principal as an individual in the prime firm who:
  - i. Has executive oversight of projects.
  - ii. Has the authority to remove the PM, PE or PA assigned to this project.
  - iii. Has the authority to secure additional resources to the project.
- (F) Project Professional - The City defines a project professional as an individual in the prime firm who:
  - i. Serves as lead Engineer, Architect, Landscape Architect, Planner or other professional on the proposed team who designs and develops project specifications.
  - ii. Creates, reviews and provides resolution of technical specifications.
  - iii. Directs other professional activities.

- iv. Is responsible for the preparation of probable construction cost estimates.
- v. Has all required licenses, certifications or registrations at the time of submittal

(G) "Response" means a statement of qualifications.

(H) "Respondent" means a person responding to a City solicitation including a bidder, a quoter, responder, or a proposer. The term "respondent" also includes:

- (i) an owner, board member, officer, employee, contractor, subsidiary, joint enterprise, partnership, agent, lobbyist, or other representative of a respondent;
- (ii) a person or representative of a person that is involved in a joint venture with the respondent, or a subconsultant in connection with the respondent's response; and
- (iii) a respondent who has withdrawn a Response or who has had a Response rejected or disqualified by the City.

(I) "Representation" means a communication related to a response to a council member, official, employee, or City representative that is intended to or that is reasonably likely to:

- (i) provide information about the Response;
- (ii) advance the interests of the Respondent;
- (iii) discredit the Response of any other respondent;
- (iv) encourage the City to withdraw the RFQ;
- (v) encourage the City to reject all of the responses;
- (vi) convey a complaint about a particular response; or
- (vii) directly or indirectly ask, influence, or persuade any City official, City employee, or body to favor or oppose, recommend or not recommend, vote for or against, consider or not consider, or take action or refrain from taking action on any vote, decision, or agenda item regarding the solicitation.

(J) "City" means Owner.

(2) Restrictions on Contacts

(A) During a no-contact period, a Respondent shall make a representation only through the authorized contact person.

(B) During the no-contact period, a Respondent may not make a representation to a City official or to a City employee other than to the authorized contact person. This prohibition also applies to a vendor that communicates and then becomes a Respondent.

- (C) The prohibition of representation during the no-contact period applies to a representation initiated by a Respondent, and to a representation made in response to a representation initiated by a City official or a City employee other than the Authorized Contact Person.
  - (D) If the City withdraws an RFQ or rejects all Responses with a stated intention to reissue the same or similar RFQ for the same or similar project, the no-contact period shall expire after the ninetieth day after the date the RFQ is withdrawn or all Responses are rejected if the RFQ has not been reissued during the 90-day period.
  - (E) For a single vendor award, the no-contact period shall expire when the first of the following occurs: contract is executed or solicitation is cancelled
  - (F) For a multiple vendor award, the no-contact period shall expire when the last of the following occurs: all contracts are executed, negotiations have been fully terminated, or the ninetieth day after the solicitation is cancelled.
  - (G) The purchasing officer or the director may allow respondents to make representations to city employees or city representatives in addition to the authorized contact person for a solicitation that the purchasing officer or the director finds must be conducted in an expedited manner; an expedited solicitation is one conducted for reasons of health or safety under the shortest schedule possible with no extensions. The purchasing officer's or director's finding and additional city employees or city representative who may be contacted must be included in the solicitation documents.
  - (H) Representation to an independent contractor hired by the City to conduct or assist with a solicitation will be treated as representations to a City employee.
  - (I) A current employee, director, officer, or member of a respondent, or a person related within the first degree of consanguinity or affinity to a current employee, director, officer or member of a respondent, is presumed to be an agent of the respondent for purposes of making a representation. This presumption is rebuttable by a preponderance of the evidence as determined by the purchasing officer or director.
  - (J) A respondent's representative is a person or entity acting on a respondent's behalf with the respondent's request and consent. For example, a respondent may email their membership list and ask members to contact council members on the respondent's behalf. The members are then acting per respondent's request and with their consent, and the members have become respondent representatives.
- (3) Permitted Representations
- (A) If City seeks additional information from respondent, the Respondent shall submit the representation in writing **only** to the authorized contact person. The contact person will then distribute the written representation in accordance with the

terms of the RFQ. A Respondent cannot amend or add information to a Response after the Response deadline.

- (B) If respondent wishes to send a complaint to the City, the respondent shall submit the complaint in writing only to the authorized contact person. The authorized contact person will then distribute a complaint regarding the process to members of the City Council or members of the City board, to the director of the department that issued the solicitation, and to all respondents of the RFQ. However the director shall not permit distribution of any complaint that promotes or disparages the qualifications of a respondent, or that amends or adds information to a response. A determination what constitutes promoting or disparaging the qualifications of a respondent or constitutes amending or adding information is at the director's sole discretion.
- (C) If a Respondent submits a written inquiry regarding an RFQ, the authorized contact person will provide a written answer and distribute both the inquiry and answer to all Respondents on the RFQ.
- (D) If a Respondent does not receive a response from the authorized contact person, the Respondent may contact the director as appropriate.
- (E) A respondent may ask a purely procedural question, for example a question regarding the time or location of an event or where information may be obtained, of a City employee other than the authorized contact person. No suggestions or complaints about the contract process that constitute a representation to a City employee is allowed. A respondent may not ask a procedural question to a Council member, a council member's aide, or of a City board member except in a meeting held under the Texas Government Code, Chapter 551 (Open Meetings Act).
- (F) The Anti-Lobbying ordinance allows representations:
  - (1) made at a meeting convened by the authorized contact person, including meetings to evaluate responses or negotiate a contract;
  - (2) required by protest procedures for vendors;
  - (3) made at a protest hearing;
  - (4) provided to the Small & Minority Business Resources Department in order to obtain compliance with the MBE/WBE Procurement Program Ordinance;
  - (5) made to the City Risk Management coordinator about insurance requirements for a solicitation;
  - (6) made public at a meeting held under the Open Meetings Act; or
  - (7) made from a respondent's attorney to an attorney in the Law Department in compliance with Texas Disciplinary Rules of Professional Conduct.

- (G) Nothing in the Anti-Lobbying Ordinance prohibits communications regarding the solicitation between or among City official or City employees acting in their official capacity.
- (H) A contribution or expenditure defined in Chapter 2-2 (Campaign Finance) is not a representation.
- (4) Contract Voidable. If a contract is awarded to a Respondent who has violated these Anti-Lobbying & Procurement provisions, the contract is voidable by the Owner.
- (5) Debarment. If a Respondent has been disqualified under these provisions more than two times in a sixty month period the purchasing officer shall debar the responder from responding for a period not to exceed three years, provided the Respondent is given written notice and a hearing in advance of the debarment.

## II. Rejection of Proposals

OWNER reserves the right to reject any or all responses received for this RFQ and to waive any minor informality in any submittal or solicitation procedure (a minor informality is one that does not affect the competitiveness of the Consultants).

I. The following **will** cause your firm to be deemed non-responsive:

- Form 2 – Affidavit of Authentication is not included with original signature and notarized.
- Form 3 – Prime Firm’s EEO Program and Title VI Assurances is not included with original signature certifying firm conforms to City Code 5-4-2.
- The required Key Personnel do not have a current license/registration in the State of Texas at the time of submittal.
- The required Key Personnel are not employed by the prime firm as stated in the evaluation criteria.
- Failure to submit MBE/WBE or DBE Compliance Plan (or other MBE/WBE Procurement Program documents) in accordance with the MBE/WBE Procurement Program Package or DBE Procurement Program Package.
- Failure to have an authorized agent of the Proposer attend the mandatory Pre-Response Meeting, if applicable.
- Statement of Qualifications (SOQs) received from a Proposer who has been debarred or suspended by OWNER’s Purchasing Officer.
- SOQs received from a Proposer when Proposer or principals are currently debarred or suspended by Federal, State or City governmental agencies.

II. The following **may** cause your firm to be deemed non-responsive:

- Form 4 - Affidavit of Non-Collusion, Non-Conflict of Interest, and Anti-Lobbying is not included with original signature and notarized.
- Form 5 - Affidavit of Availability is not included with original signature and notarized.
- Form 6 – Affidavit of Contract Execution is not included with original signature and notarized.
- Failure to provide a response to one or more of the Consideration Items.
- Response failed to show the prime firm performing the plurality of the services.
- Prime firm and/or subconsultants did not provide the number of projects required for an evaluation criteria item.
- Exceeding the maximum number of page limitations in any of the sections designated.
- Including projects that have not been completed within the specified time period.
- Combining forms.
- Failure to use the current City of Austin forms.
- Failure to acknowledge receipt of Addenda on Form 1 – Prime Firm General Information.
- Listing a subconsultant's qualifications in the body of the SOQ, yet failing to list the subconsultant on the compliance plan.

### III. Release of Information

Under Texas law, information relating to this Solicitation may be kept confidential until a contract has been executed. OWNER shall not release information relative to this Solicitation during the proposal evaluation process or prior to contract execution, except as otherwise required by law.

### IV. Award and Execution of Contract

Contract Management Director shall submit recommendation for award to the City Council for those project awards requiring City Council action. Contract will be signed by City Manager or his/her designee after award and submission of required documentation by consultant. Contract will not be binding upon OWNER until it has been executed by both parties. OWNER will process the Contract expeditiously. However, OWNER will not be liable for any delays prior to the award or execution of Contract. The consultant must adhere to the terms stated in Form 6 – Affidavit of Contract Execution.

Upon contract award, the selected consultant must submit either their existing or an updated personnel policy (on letterhead) documenting conformity with City Code, Chapter 5-4, § 5-4-2. If the company does not submit a copy of their personnel policy incorporating the non-discrimination policy, the company will not be in compliance and will not receive a contract award.

**V. Protest Procedures**

The OWNER's Contract Management Director has the authority to settle or resolve any claim of an alleged deficiency or protest. The procedures for notifying the City of an alleged deficiency or filing a protest are listed below. If you fail to comply with any of these requirements, the Contract Management Director may dismiss your complaint or protest.

Prior to Solicitation Due Date: If you are a prospective Respondent and you become aware of the facts regarding what you believe is a deficiency in the solicitation process before the Solicitation is due, you must notify the City in writing, through the authorized contact person, of the alleged deficiency before that date, giving the City an opportunity to resolve the situation prior to the Solicitation Due Date.

After Solicitation Due Date: If you submit a response to the City and you believe that there has been a deficiency in the solicitation process or the award, you have the opportunity to protest the solicitation process or the recommended award as follows:

1. You must file written notice of your intent to protest within four (4) calendar days of the date that you know or should have known of the facts relating to the protest. If you do not file a written notice of intent within this time, you have waived all rights to protest the solicitation process or the award.
2. You must file your written protest within fourteen (14) calendar days of the date that you know or should have known of the facts relating to the protest unless you know of the facts before the Solicitation was due. If you know of the facts before that date, you must notify the City as stated above.
3. You must submit your protest in writing, through the authorized contact person, and must include the following information:
  - a. your name, address, telephone, and fax number;
  - b. the solicitation number and the CIP number, if applicable;
  - c. a detailed statement of the factual grounds for the protest, including copies of any relevant documents.
4. Your protest must be concise and presented logically and factually to help with the City's review.
5. When the City receives a timely written protest, the Contract Management Director will determine whether the grounds for your protest are sufficient. If the Contract Management Director decides that the grounds are sufficient, the Contract Management Department will schedule a protest hearing, usually within five (5) working

days. If the Contract Management Director determines that your grounds are insufficient, you will be notified of that decision in writing.

6. The protest hearing is informal and is not subject to the Open Meetings Act. The purpose of the hearing is to give you a chance to present your case, it is not an adversarial proceeding. Those who may attend from the City are: representatives from the department that requested the purchase, the Law Department, the Contract Management Department, and other appropriate City staff. You may bring a representative or anyone else that will present information to support the factual grounds for your protest with you to the hearing.
7. A decision will usually be made within fifteen (15) calendar days after the hearing.
8. The Contract Management Director will send you a copy of the hearing decision after the appropriate City staff have reviewed the decision.
9. When a protest is filed, the City usually will not make an award until a decision on the protest is made. However, the City will not delay an award if the City Manager or the Contract Management Director determines that:
  - a. The City urgently requires the supplies or services to be purchased, or
  - b. Failure to make an award promptly will unduly delay delivery or performance.

In those instances, the Contract Management Department will notify you and make every effort to resolve your protest before the award.

10. The protest or notice of intent and the protest shall be submitted in writing to the following address:

P.O. Address for U.S. Mail:

City of Austin  
ATTN: Director, Contract Management Dept.  
P.O. Box 1088  
Austin, Texas 78767-0845

Street Address for Hand Delivery/Courier Service:

City of Austin  
ATTN: Director, Contract Management Dept.

PHONE: (512) 974-7181

**END**

## SCOPE OF SERVICES

Solicitation Number: CLMP159

Project Name: 2014 Austin Brownfields Hazardous and Petroleum Assessments

---

### **PROJECT FOR:**

CITY OF AUSTIN, AUSTIN RESOURCE RECOVERY, THROUGH ITS CONTRACT MANAGEMENT DEPARTMENT

### **PROJECT TITLE:**

*2014 Austin Brownfields Hazardous and Petroleum Assessments*

### **OBJECTIVES OF THE PROJECT:**

The City anticipates contracting with one firm for three (3) years to provide environmental consulting services. The selected firm will provide consultation and professional services to assess existing and potential environmental concerns at properties in Austin.

### **BACKGROUND:**

The City will be awarded \$200,000 to undertake hazardous substances assessments and \$200,000 to undertake petroleum assessments to promote property redevelopment and community revitalization. The grant performance period will be October 1, 2014 through September 30, 2017.

### **ANTICIPATED SERVICES:**

The selected firm shall provide environmental assessment services; coordinate assessment and remediation planning activities with City staff, site owners, stakeholders and Brownfields Program staff as necessary; attend and (as necessary) facilitate public meetings regarding site activities; evaluate available technical information to develop site-specific scopes of work for City and EPA approval; conduct all necessary technical activities to complete environmental assessment activities and cleanup planning to achieve site closure in accordance with site-specific scopes of work, including but not limited to: project management; communication with Brownfields Program staff regarding project progress, scheduling of field work and budget updates; project-specific health and safety plan development and implementation; remedial/corrective action work plan development; Quality Assurance Project Plan development; soil, groundwater, and vapor sampling; confirmation sampling, contaminant identification, delineation, and fate and transport modeling; monitoring well installation and groundwater gauging; site and monitoring well surveying; containerization, characterization, and appropriate disposal of investigation and remediation derived wastes; and conduct asbestos/lead-based paint inspections and surveys and develop cost estimates for asbestos and/or lead-based paint abatement.

The selected firm shall employ licensed professionals such as Texas-licensed engineers, professional geoscientists, hydrologists, industrial hygienists, environmental managers, hazardous material managers, site assessors, laboratory technicians and field technicians, all certified or registered with professionally recognized organizations and all experienced in their areas of specialty, including 40 hour Occupational Safety and Health Administration (OSHA) HAZWOPER training, lead and asbestos with Department of State Health Services as necessary. All applicable and required licenses, certifications and registrations must be current.

The selected firm shall use analytical laboratories capable of performing the required tests to support professionals engaged in environmental projects. The laboratory services must be performed by a laboratory properly accredited in accordance with the International Organization for Standardization (ISO)/International Electrochemical Commission (IEC) Standard 17025. The City shall be allowed to inspect or audit the laboratories upon request. Environmental laboratories producing data for decisions relating to Texas Commission on Environmental Quality (TCEQ) characterizations of environmental processes or conditions, or assessments of an environmental process or condition, must be accredited or certified according to Title 30, Texas Administrative Code, Chapter 25 and the National Environmental Laboratory Accreditation Program (NELAP). The City will require evidence of such accreditation on an annual basis, for the duration of the contract.

The selected firm shall be knowledgeable in all applicable federal, state and city environmental regulations relating to environmental assessments and remediation, including, but not limited to, City of Austin Land Development Code; Comprehensive Environmental Response, Compensation and Liability Act (CERCLA); American Society for Testing and Materials Environmental Site Assessment Process; EPA Quality Management Systems; Quality Assurance Project Plans for Brownfields; Resource Conservation and Recovery Act (RCRA); Texas Commission on Environmental Quality (TCEQ) Petroleum Storage Tank Guidance, forms and process, Texas Administrative Code Chapter 334, Texas Risk Reduction Program (TRRP); Toxic Substances Control Act (TSCA); and the TCEQ Voluntary Cleanup Programs.

The selected firm shall have the capability to develop environmental specifications and prepare cost estimates. The firm must be able to evaluate cleanup alternatives, weigh the effectiveness of alternatives and implementation logistics, as well as provide a preliminary cost estimate for each alternative and recommended a cleanup alternative. In addition, the firm shall have the capability to prepare independent fee estimates for environmental services on federally-funded project sites.

**DELIVERABLES:**

Phase I - Environmental Site Assessment Reports using the ASTM E1527-13 Standard in order to comply with U.S. EPA's All Appropriate Inquiries (AAI) rule (40 C.F.R. Pt. 312.2)

Phase II - Environmental Site Assessment Reports in accordance with ASTM standard E1903-11, or subsequent standard. Activities will include preparation of scopes of work, Quality Assurance Project Plans (QAPPs), Sampling and Analysis Plans, Health and Safety Plans, site investigations, and reports on the environmental condition of soil, surface water, groundwater, or other affected media in accordance with EPA and TCEQ approved standards, regulations and guidance.

Phase III - Cleanup Alternatives/ Remediation and Reuse Plans will be produced. The plans shall describe the nature and extent of the environmental contamination and provide options for the remediation, engineering and/or institutional controls at the site. The plans, where appropriate, shall include options for greener, sustainable cleanups and waste diversion. The plans shall include the consideration of reuse options consistent with public health environmental objectives at the site, and in accordance with applicable cleanup regulations.

Additionally, the selected firm shall provide reports for asbestos/lead-based paint inspections and surveys and develop cost estimates for asbestos and/or lead-based paint abatement.

**SUBPROJECTS / WORK AUTHORIZATIONS:**

The Project will be implemented through a series of Subproject Work Authorizations (“Work Authorizations”) which shall govern the performance of services for which the City has received, or will receive local State, and/or Federal funding. Individual assignments made by the City to the Consultant in subsequent written authorizations may also be referred to as “Subprojects” and/or “Work Authorizations”. Work authorizations shall be executed by both parties and, at a minimum, shall describe the services to be performed under the most stringent requirements applicable to the funding source. **The City does not guarantee a minimum number of Subprojects or a minimum dollar amount for each Subproject.** The Consultant is not authorized to begin work on any Subproject until the City issues a Notice to Proceed for the Subproject.

The procedure for establishing each Subproject assignment by negotiating subsequent written authorizations is as follows:

1. Proposal request. Upon identifying a specific Subproject assignment, the City will issue a written Proposal request to the Consultant describing the Subproject, services required, proposed schedule, and method of compensation selected by the City.
2. Subproject Proposal. After being contacted by the City, the Consultant provide a Proposal for the City’s review within the timeline established by the City.
3. Notice to Proceed. Upon City’s approval of the Subproject Proposal the City will execute an authorization letter and issue a Subproject Notice to Proceed.

**PROPOSED SCHEDULE:**

The City anticipates contracting with one selected firm for the duration of the grant period.

**COST ESTIMATE:**

The City anticipates utilizing \$200,000 in grant funding for assessment of hazardous substances and \$200,000 for the assessment of petroleum substances.

**MAJOR AND OTHER SCOPES OF WORK:**

Below is a list of the major scopes of work that the City has identified for this project. ***\*There must be representation for all major scopes of work listed in the prime's statement of qualifications. The experience of the firms listed to perform the Major Scopes of Work, whether a subconsultant or prime firm, will be evaluated under Consideration Item 6 – Major Scopes of Work – Comparable Project Experience.*** In addition, the City has identified Other Scopes of Work which MAY materialize during the course of the project. The City does not guarantee the scopes listed under Other Scopes of Work will materialize on this contract. If the prime consultant intends to enter into a subconsulting agreement on a scope of work not listed below, the prime consultant is required to contact SMBR and request an updated availability list of certified firms in each of the scopes of work for which the prime consultant intends to utilize a subconsultant.

**\* Major Scopes of Work**

Environmental Site Assessments (Brownfields)  
Asbestos and Lead Based Paint Inspection Services  
Environmental Planning and Advisory Services  
Community outreach and public education regarding site activities

**Other Scopes of Work**

Cleanup Planning  
Boring, Drilling, and Testing  
Geotechnical-Soils  
Hydrological Services

**Notes:**

- Construction Inspection is **NOT** a subconsultant opportunity on this rotation list. These services will be performed in-house or under a separate contract, if needed, and will be determined when project assignment is made.
- If the City determines that a conflict of interest exists at the prime or subconsultant level, the City reserves the right to replace/remove the prime or instruct the prime consultant to remove the subconsultant with the conflict of interest and to instruct the prime consultant to seek a post-award change to the prime consultant's compliance plan as described in City Code § 2-9B-23. Such substitutions will be dealt with on a case-by-case basis and will be

considered for approval by Small and Minority Business Resources (SMBR) in the usual course of business. The City's decision to remove a prime or subconsultant because of a conflict of interest shall be final.

- A consultant performance evaluation will be performed on all professional services contracts. This evaluation will be conducted at the end of each project.

## EVALUATION CRITERIA STAND ALONE SOLICITATIONS

Solicitation Number: CLMP159

Project Name: 2014 Austin Brownfields Hazardous and Petroleum Assessments

The following is a description of items to receive consideration in the evaluation of responses for providing professional engineering/architectural/planning services to the City of Austin. Following each description are the evaluation points associated with the item. TOTAL POSSIBLE POINTS EQUALS 100 (plus 15 points for interviews, if conducted). Wherever used, "prime firm" denotes a single firm or a joint venture responding as the prime consultant. Wherever used, "page" refers to single-sided, single spaced, 10-point minimum font printed 8-1/2 x 11-inch pages. The prime firm shall perform the largest share of the assignment (on an estimated percentage of total agreement basis). Responses failing to show the prime firm performing the plurality of the services shall be rejected as non-responsive.

**Limitations on volume of requested information apply equally to single firms and joint ventures regardless of the number of firms partnering in the joint venture. Responses with excess volume or which do not include information for the evaluation of all consideration items may not be thoroughly reviewed or may be rejected as non-responsive.**

All prime firms and subconsultants must be registered to do business with the Owner prior to contract award. Prime firms are responsible for ensuring that their subconsultants are registered as vendors with the City of Austin. You may register through the Owner's on-line Vendor Registration system. Log on to the link below and follow the directions:  
[https://www.ci.austin.tx.us/financeonline/vendor\\_connection/index.cfm](https://www.ci.austin.tx.us/financeonline/vendor_connection/index.cfm)

NOTE: Firms and individuals, who are proposed as staff on this RFQ, must adhere to the requirements of Subchapter A of the Texas Professional Engineering Practice Act regarding the use of the term "engineer". The full text of the Texas Professional Engineering Act may be found at: <http://www.engineers.texas.gov>.

Consideration Item #	Title	Maximum Point Value
1	DBE PROCUREMENT PROGRAM	N/A
2	TURNED IN ALL REQUIRED DOCUMENTS	N/A
3a	TEAM'S STRUCTURE	10
3b	TEAM'S PROJECT APPROACH	20
4	EXPERIENCE OF KEY PERSONNEL	20
5	PRIME FIRM'S COMPARABLE PROJECT EXPERIENCE	15
6	MAJOR SCOPES OF WORK – COMPARABLE PROJECT EXPERIENCE	15
7	TEAM'S EXPERIENCE WITH AUSTIN ISSUES	10
8	CITY OF AUSTIN'S EXPERIENCE WITH PRIME FIRM	10
9	INTERVIEWS	15

**CONSIDERATION ITEM 1**  
**DBE PROCUREMENT PROGRAM**

Were Goals achieved or did response indicate that a Good Faith Effort was made to achieve the Goals?

- No** - Response **will not** be evaluated.
- Yes** - Evaluation of the response will continue.

Attach the following:

- **DBE Compliance Plan**
- **Letters from subconsultants confirming contact/commitment to the project.**

---

**CONSIDERATION ITEM 2**  
**TURNED IN ALL REQUIRED DOCUMENTS**

Did respondent turn in the requested documents as required by this Consideration Item and the forms and submittal requirements for all other consideration items?

- No** - Response **will not** be evaluated.
- Yes** - Evaluation of the response will continue.

Respondent must attach the following to Consideration Item 2:

- **Form 1 – Prime Firm General Information**
- **Form 2 – Affidavit of Authentication**
- **Form 3 - Prime Firm’s EEO Program and Title VI Assurances**
- **Form 4 - Affidavit of Non-Collusion, Non-Conflict of Interest, and Anti-Lobbying**
- **Form 5 - Affidavit of Availability**
- **Form 6 - Affidavit of Contract Execution**

**NOTE:** Other forms and submittal documents required in the remaining consideration items should be attached to that respective consideration item.

---

**CONSIDERATION ITEM 3a**  
**TEAM’S STRUCTURE**  
**10 Points Maximum**

City is interested in team's organizational structure. Identify project leadership, reporting responsibilities, how prime firm will interface with City's Brownfields Project Manager, and how

## EVALUATION CRITERIA – STAND ALONE

---

subconsultants will work within the team structure. Describe the roles of the key individuals proposed to work on these projects. Please include staff undertaking QA/QC and Health and Safety Management.

- **Provide an organizational chart and brief narrative. The total number of pages should not exceed three (3) pages. Indicate activities, responsibilities and key personnel on the organizational chart. Response should align with team's proposed DBE Compliance Plan provided in Consideration Item 1 above.**
- 

### **CONSIDERATION ITEM 3b** **TEAM'S PROJECT APPROACH** **20 Points Maximum**

City is interested in team's overall understanding of the project scope and issues. Describe any significant project issues and the team's approach in addressing those issues. Reference issues seen on similar scoped projects, and the overall approach to mitigate those and other issues. Describe your team's methods to successfully complete the work; your team's understanding of the techniques and sequencing required; and how the prime firm will interface with the City's appointed representative. Please describe the major subconsultants' placement in the overall approach to the project. Please describe only one project per page and do not list a portfolio of projects completed under a contract or rotation list.

- **Provide a narrative not to exceed five (5) pages.**
- 

### **CONSIDERATION ITEM 4** **EXPERIENCE OF PROJECT MANAGER AND PROJECT PRINCIPAL (past 10 Years)** **20 Points Maximum**

***(Project Manager – 15 points; Project Principal– 5 points)***

City is interested in the experience of the Project Manager and Project Principal that demonstrates history and success with **federally funded** project sites of similar programs, budgets, and/or clients as the project described in this solicitation. **The Project Manager must also have experience with Quality Assurance Project Plans (QAPP).** Points will be awarded as indicated above. Only one individual per job responsibility should be designated. Project Manager and Project Principal must be employed by the prime firm and may be the same individual. Project Manager must be licensed as a professional engineer or professional geologist in the State of Texas at the time of submittal. The resume should include all relevant credentials and accreditations.

- **Complete Form 7 – Experience of Project Manager. Please provide no more than**

- one (1) page per project.
- Complete Form 9 – Experience of Project Principal. Please provide no more than one (1) page per project.
- Attach a resume of no more than two (2) pages for each individual.

Definitions:

The following definitions are meant to assist the prime firm in determining the appropriate key team members for this project. These definitions are not exhaustive and are meant only as a guide.

**Project Manager:** The COA defines a project manager as an individual in the prime firm who:

- ◆ Serves as lead Engineer, Geologist or other professional on the proposed team who designs and develops project specifications.
- ◆ Has all required licenses, certifications or registrations at the time of submittal.
- ◆ Sets deadlines, assigns responsibilities, and monitors and summarizes progress of project.
- ◆ Has the responsibility of the planning, execution, and closing of a project.
- ◆ Is responsible for accomplishing the stated project objectives.
- ◆ Leads project meetings to collect and disseminate information pertaining to project.
- ◆ Coordinates the collection and dissemination of information between/within the company and COA.
- ◆ Manages all aspects of the project, including subconsultants.

**Project Principal:** The COA defines a project principal as an individual in the prime firm who:

- ◆ Has executive oversight of projects.
- ◆ Has the authority to remove the PM, PE or PA assigned to this project.
- ◆ Has the authority to secure additional resources to the project.

---

**CONSIDERATION ITEM 5**

**PRIME FIRM'S COMPARABLE PROJECT EXPERIENCE (past 5 years)**

**15 points maximum**

City is interested in the prime firm's history and success with **federally funded** project sites of similar programs, budgets, and/or clients as the project described in this solicitation. List three

(3) projects meeting these criteria which have been completed in the past five years. In addition, City may consider history of firm in complying with project programs, schedules, and budgets on previous City projects. Please describe only one project per page and do not list a portfolio of projects completed under a contract or rotation list.

- **Provide a narrative not to exceed one (1) page. Complete Form 10 and provide no more than one (1) page per project.**
- 

**CONSIDERATION ITEM 6**

**MAJOR SCOPES OF WORK - COMPARABLE PROJECT EXPERIENCE (past 5 years)**

**15 points maximum**

The City has identified Major Scopes of Work to be provided for this project, which are included in the Scope of Services. Each scope of work can be accomplished through subcontracting other firms or utilizing the prime firm. The City is interested in the history and success of the firm proposed to perform the scope of work (subconsultant or prime), with projects of similar programs, budgets, and/or clients as the areas identified. List three (3) projects per Major Scope of Work meeting these criteria which have been completed in the past five years. In addition, City may consider history of firms in complying with project programs, schedules, and budgets based on previous City projects. If more than one firm is listed for a particular Major Scope of Work, the City expects the work will be divided evenly among them. Please describe only one project per page and do not list a portfolio of projects completed under a contract or rotation list.

- **Complete Form 11 for each Major Scope of Work listed in the Scope of Services. Provide no more than one page per opportunity. All major subconsultants listed in this item must also be included in your DBE compliance plan.**
- 

**CONSIDERATION ITEM 7**

**TEAM'S EXPERIENCE WITH AUSTIN ISSUES**

**10 Points Maximum**

City is interested in team's (including subconsultants) experience with Austin issues, as may be evidenced by work in the Austin area during the past five (5) years. Briefly describe experience in the following areas and reference projects relating to that experience:

- ◆ City of Austin site development and/or building permit requirements.
- ◆ Austin area construction in the public right-of-way.
- ◆ Austin area construction costs and practices.
- ◆ Austin environmental community, conditions and constraints.
- ◆ Public awareness and involvement in project development in the Austin area.
- ◆ Responsiveness due to proximity of projects to local office.

- Provide a brief narrative of no more than four (4) pages.
- 

**CONSIDERATION ITEM 8**

**CITY OF AUSTIN'S EXPERIENCE WITH PRIME FIRM (past 5 years)**

**10 Points Maximum**

The City will consider the history of the firm in complying with project programs, schedules, and budgets on previous City of Austin projects within the last five (5) years. Firms with previous projects with the City of Austin and have had no issues will receive 10 points. Points will be deducted if the City has had negative experience with the prime firm's performance on City projects. Deductions are based on Consultant Evaluations completed by Project Managers at the end of each phase of the project.

Specific consideration items by phase may include:

- ◆ Timely completion of projects and timeliness of performance per PSA and authorized amendments.
- ◆ Timely, accurate, and complete payment applications and payments to subconsultants.
- ◆ Deliverables met criteria established in contract / resolution of significant issues in writing.
- ◆ Compliance with City ordinances on substitution/addition/deletion of subconsultants.
- ◆ Compliance with Minority and Women-Owned Business Procurement Program.
- ◆ Compliance with City standards, including regulatory compliance and permitting requirements.
- ◆ Conformance to City budget/cost requirements.
  - Preliminary, Design, and Bid/Award - estimates were within Fixed Construction Budget.
  - Construction - dollar value of change orders were <=5% of construction contract amount.
- ◆ Quality of work performed.

Firms who have had no previous projects with the City of Austin will receive a score equal to the average of all firms in the data base, for that industry, with previous City projects.

---

**CONSIDERATION ITEM 9**

**INTERVIEWS (OPTIONAL)**

**15 Points Maximum**

The City may determine that it is necessary to interview short-listed firms prior to making a recommendation to the City Council. Staff intends to use the following guidelines for the optional interview process:

- ◆ The point difference between the first and second ranked firm is less than three points.
- ◆ The number of firms interviewed will depend on the closeness of the scores following evaluation of the written proposals.
- ◆ Staff will consider significant gaps in point separation between the top ranked firms in determining the number of firms to be interviewed.
- ◆ Only firms that are considered qualified to perform the work, on the basis of their written proposal, will be invited for interviews.
- ◆ No more than five firms will be interviewed.
- ◆ Staff may conduct interviews in other cases where staff believes it is in the best interest of the City.
- ◆ The City reserves the right to determine whether an interview will be conducted for every solicitation/project.

## DBE GOAL

The City of Austin is a Recipient of Federal Aviation Administration (FAA), Department of Transportation (DOT) and the Environmental Protection Agency (EPA) grant funding, therefore it is necessary to follow the requirements of the United States Department of Transportation, as contained in 49 CFR Part 26 and the applicable City of Austin's City Code, Chapter 2-9(A-D), as amended.

The DBE participation goal that applies to this solicitation is as follows: **DBE GOAL – 10.17%**

## OVERVIEW

It is the policy of the City of Austin and the United States Department of Transportation (DOT) that Disadvantaged Business Enterprises (DBE), as defined in 49 CFR Part 26, have equal opportunities to participate in the performance of contracts on the City of Austin's grant funded projects. The DBE requirements of 49 CFR Part 26 and the applicable City of Austin City Code, Chapter 2-9A, as amended, apply to this solicitation. **All proposers must comply with 49 CFR Part 26 and the applicable City of Austin's Codes, Section 2-9(A-D) and Program Rules to ensure that Disadvantaged Business Enterprises have equal opportunity to compete for and perform on contracts.** The City of Austin and its consultants shall not discriminate on the basis of race, color, national origin, disability or gender in the award and performance of contracts.

Consultants seeking to participate on this project agree to ensure that Disadvantaged Business Enterprises have equal opportunity to participate in the performance of contracts and subcontracts. A firm submitting a solicitation or proposal on this project is asked to make good faith efforts to meet or exceed the goal for DBE participation.

Prior to the due date and time specified in the City's solicitation documents, all Proposers (including those Firms certified as DBEs) shall submit: (1) an *DBE Compliance Plan* (Appendix A); and (2) if the project goal is not met, all appropriate documentation to demonstrate Good Faith Efforts to meet the project goals. Any questions regarding preparation of the *Compliance Plan* should be directed to SMBR at (512) 974-7600. Such contact will not be a violation of the anti-lobbying ordinance.

Pursuant to Chapter 2-7 (Anti-Lobbying Ordinance), there is a "no-contact" period from the date the City issues a solicitation until the contract is executed. During the "no-contact" period, a person responding to a City solicitation can speak only to the contract's authorized contact person regarding their solicitation response. Chapter 2-7 allows certain exceptions; for instance, a person responding to a City solicitation may speak to SMBR regarding this *Compliance Plan*. See the full language of the Ordinance, City Chapter, or solicitation documents for further details.

If the *Compliance Plan* and Good Faith Efforts documentation are not submitted prior to the due date and time specified in the solicitation documents, the solicitation will be deemed non-responsive and not be accepted for consideration.

## **COMPLIANCE PLAN INSTRUCTIONS**

(See Appendix A)

SMBR may request written clarification of items listed on the *Compliance Plan*. However, there will be no further opportunity for the Proposer to augment the DBE participation originally listed in the *Compliance Plan* or to demonstrate Good Faith Efforts that were not made prior to the submission of the *Compliance Plan*. Changes to the *Compliance Plan* are permitted only after contract execution and only with prior written approval of SMBR.

Please type or clearly print all information, use “none” or “N/A” where appropriate, and sign and date the *Compliance Plan* as indicated. Please fill in all the blanks and use EXACT numbers. DO NOT USE: “approximate,” “plus or minus (+ -),” “up to,” “to be determined (TBD),” < >, or any other qualifying language.

***Compliance Plans* not complying with *Compliance Plan* Instructions shall be rejected as non-responsive. Submissions not utilizing the forms provided with the solicitation may render the submission nonresponsive or noncompliant.**

### **Section I Project Identification and Goals**

This section includes the pre-printed Project Name, Project/Solicitation Number, and goals. The Proposer does not need to fill in any information under Section I.

### **Section II Prime Company Information**

The Proposer should complete this section with its information and sign in the space provided. The portion of Section II marked as “Reserved for City of Austin SMBR Only” should be left blank.

### **Section III *Compliance Plan* Summary**

This section is a summary of subconsultant participation in this Solicitation. Proposer should complete Sections IV-VII, described below, before attempting to complete Section III. After completing Sections IV-VII, calculate the percentage of DBE participation for each goal and enter the information in the blanks provided. Because Section III is a summary, if there are any inconsistencies between Sections IV-VII and Section III, the calculations contained in Sections IV-VII will prevail.

### **Section IV Disclosure of DBE Participation**

Please list all certified DBE subconsultants, using the legal name under which they are registered to do business with the City of Austin, to be used in the performance of this contract. If Proposer is not completing this *Compliance Plan* in response to a Rotation List solicitation, please list the percentage of the overall contract that corresponds with the value of the work the subconsultants will be performing themselves. Do not include the value of work that the DBE subconsultants will be subcontracting to second-level subconsultants. **If Proposer is completing this *Compliance Plan* in response to a Rotation List solicitation, do not list the percentages.**

By listing certified DBE Firms on the *Compliance Plan*, the Proposer indicates that both parties acknowledge the price and scope of work and that they are prepared to contract for that price and scope if the City awards the project to the Proposer. A Letter of Intent (LOI) does not replace a binding contract between a prime consultant and a subconsultant.

Before completing Section IV of the *Compliance Plan*, please read the following instructions regarding how to count DBE participation:

(A) When a DBE participates in a contract, only the value of the work actually performed by the DBE will be counted towards the goal.

- 1) When a DBE subcontracts part of the work of its contract to another firm, the value of the subcontracted work may be counted toward the DBE goal only if the DBE's subconsultant is itself a DBE. Work that a DBE subcontracts to a non-DBE firm does not count toward the DBE goal.
- 2) The entire amount of that portion of a construction contract that is performed by the DBE's own forces shall be counted, including the cost of supplies and materials obtained by the DBE for the work of the contract, and supplies purchased or equipment leased by the DBE (except supplies and equipment the DBE subconsultant purchases or leases from the prime consultant or its affiliate).
- 3) The entire amount of fees or commissions charged by a DBE firm for providing a bona fide service, such as professional, technical, consultant, or managerial services, or for providing bonds or insurance specifically required for the performance of a contract, toward the DBE goal, provided the fee is reasonable and not excessive as compared with fees customarily allowed for similar services shall be counted.

(B) When a DBE performs as a participant in a joint venture, only the portion of the total dollar value of the contract equal to the distinct, clearly defined portion of the work of the contract that the DBE performs with its own forces toward DBE goals shall be counted.

(C) Only expenditures to a DBE consultant that is performing a commercially useful function shall be counted. In determining whether an DBE consultant is performing a commercial useful function, the following considerations shall be taken into account:

- 1) A DBE performs a commercially useful function when it is responsible for execution of the work of the contract and is carrying out its responsibilities by actually performing, managing, and supervising the work involved. To perform a commercially useful function, the DBE must also be responsible, with respect to materials and supplies used on the contract, for negotiating price, determining quality and quantity, ordering the material, and installing (where applicable) and paying for the material itself. The determination that a DBE is performing a commercially useful function will be informed by the amount of work subcontracted, industry practices, whether the amount the firm is to be paid under the contract is commensurate with the work it is actually performing, and other relevant factors.

- 2) A DBE does not perform a commercially useful function if its role is limited to that of an extra participant in a transaction, contract, or project through which funds are passed in order to obtain the appearance of DBE participation.
- 3) If a DBE does not perform or exercise responsibility for at least 30 percent of the total cost of its contract with its own work force, or the DBE subcontracts a greater portion of the work of a contract than would be expected on the basis of normal industry practice for the type of work involved, it is not performing a commercially useful function.
- 4) When a DBE is presumed not to be performing a commercially useful function as provided in paragraph (C)(3) of this section, the DBE may present evidence to rebut this presumption. SMBR may determine that the firm is performing a commercially useful function given the type of work involved and normal industry practices.

(D) In determining whether a DBE trucking company is performing a commercially useful function, the following criteria shall be considered:

- 1) The DBE must be responsible for the management and supervision of the entire trucking operation for which it is responsible on a particular contract, and there cannot be a contrived arrangement for the purpose of meeting the DBE goal.
- 2) The DBE must itself own and operate at least one fully licensed, insured, and operational truck used on the contract.
- 3) The DBE receives credit for the total value of the transportation services it provides on the contract using trucks it owns, insures, and operates using drivers it employs.
- 4) The DBE may lease trucks from another DBE firm, including an owner-operator who is certified as a DBE. The DBE who leases trucks from another DBE receives credit for the total value of the transportation services the lessee DBE provides on the contract.
- 5) The DBE may also lease trucks from a non-DBE firm, including an owner-operator. The DBE who leases trucks from a non-DBE is entitled to credit only for the fee or commission it receives as a result of the lease arrangement. The DBE does not count for the total value of the transportation services provided by the lessee toward the goal, since these services are not provided by a DBE.
- 6) For purposes of this paragraph (D), a lease must indicate that the DBE has exclusive use of and control over the truck. This does not preclude the leased truck from working for others during the term of the lease with the consent of the DBE, so long as the lease gives the DBE absolute priority for use of the leased truck. Leased trucks must display the name and identification number of the DBE.

(E) Expenditures with DBEs for materials or supplies shall be counted toward the DBE goal as follows:

- 1) If the materials or supplies are obtained from a DBE manufacturer or regular dealer, 100 percent of the cost of the materials or supplies toward DBE goals shall be counted.

- 2) For purposes of this paragraph (E)(1), a manufacturer is a firm that operates or maintains a factory or establishment that produces, on the premises, the materials, supplies, articles, or equipment required under the contract and of the general character described by the specifications.
  - 3) For purposes of this section, a regular dealer is a firm that owns, operates, or maintains a store, warehouse, or other establishment in which the materials, supplies, articles or equipment of the general character described by the specifications and required under the contract are bought, kept in stock, and regularly sold or leased to the public in the usual course of business.
  - 4) To be a regular dealer, the firm must be an established, regular business that engages, as its principal business and under its own name, in the purchase and sale or lease of the products in question.
  - 5) A person may be a regular dealer in such bulk items as petroleum products, steel, cement, gravel, stone, or asphalt without owning, operating, or maintaining a place of business if the person both owns and operates distribution equipment for the products. Any supplementing of regular dealers' own distribution equipment shall be by a long-term lease agreement and not on an ad hoc or contract-by-contract basis.
  - 6) Packagers, brokers, manufacturers' representatives, or other persons who arrange or expedite transactions are not regular dealers.
  - 7) With respect to materials or supplies purchased from a DBE which is neither a manufacturer nor a regular dealer, count the entire amount of fees or commissions charged for assistance in the procurement of the materials and supplies, or fees or transportation charges for the delivery of materials or supplies required on a job site, toward the DBE goal if the fees are reasonable and not excessive as compared with fees customarily allowed for similar services. Do not count any portion of the cost of the materials and supplies themselves toward the DBE goal, however.
- (F) If a firm ceases to be a certified DBE during a contract, the dollar value of work performed under a contract with that firm after it has ceased to be certified shall not be counted.
- (G) In determining achievement of DBE goal, the participation of a DBE subconsultant shall not be counted until the amount being counted toward the goal has been paid to the DBE.
- (H) Where the solicitation requires the Proposer/Proposer to submit a base solicitation and one or more alternates, the City's decision regarding whether the Compliance Plan demonstrates the proposer's achievement of the goal or sufficient good faith efforts will be determined only on the base solicitation. However, the proposer is encouraged to use DBEs to complete any additional work added through alternates.

## **Section V Disclosure of Non-Certified Subconsultants**

Please list all known non-certified subconsultants to be used in the performance of this contract, except for subconsultant(s) that will be performing the trucking or hauling scope of work (see Section VII below). If Proposer will not use any non-certified Firms, please write "N/A" in the first box on this page.

If additional scopes of work are identified in this section as available for subcontracting beyond those identified in the availability lists provided, Proposer must contact SMBR to request an availability list of certified Firms for those additional scopes of work.

The scopes of work indicated in Section V will be considered subcontracting opportunities for DBEs, unless it is demonstrated that certified DBEs are unavailable or do not possess the requirements in the technical portion of the solicitation to perform the work involved. If Proposer did not meet the project goals, Proposer must explain in the space provided why DBEs were not used as subconsultants. If Proposer did meet the project goals, please write "Goals Met" in the space provided.

#### **Section VI Disclosure of Second-Level Subconsultants**

Please complete this section if Proposer knows that one or more of their subconsultants will subcontract part of the work of their contracts to second-level subconsultants. In the last line of each entry box, please write the name of the first-level subconsultant that will be subcontracting work to the second-level subconsultant. The first-level subconsultant should be listed in Section IV or Section V. If Proposer is not aware of any second-level subconsultants, please write "N/A" in the first box on this page.

As discussed in Section IV above, when a DBE subconsultant subcontracts part of the work of its contract to another Firm, the value of that second-level subcontracted work may not be counted toward the goals based on the initial subconsultant's DBE certification. The value of the second-level subcontracted work may be counted toward the project goals only based on the second-level subconsultant's own DBE certification, if any. Work that a DBE subcontracts to a non-certified Firm does not count toward the goals. Work that a DBE subconsultant contracts to another certified Firm shall not be counted twice towards the goal.

#### **Section VII Disclosure of Primary and Alternate Trucking Subconsultants**

Please complete this section if the project includes trucking or hauling services as a scope of work. Each time this scope of work is required on the project, Proposer must contact the Firm listed as the primary trucking subconsultant in this section. If the primary trucking subconsultant is not available or cannot perform the entirety of the work at the time required, Proposer may contact the alternate trucking subconsultants in the order that Proposer lists them in this section. Proposer must contact the primary trucking subconsultant at least 24 hours before the work is to be performed. Proposer will not need to submit a Request for Change to use the alternate trucking subconsultants if Proposer contacted the primary trucking subconsultant first and then proceeded to contact the alternates in the order Proposer listed them on this section.

For purposes of meeting the project goals at the *Compliance Plan* stage, the entire value of this scope of work shall be assigned to the primary trucking subconsultant. At contract closeout, DBE participation will be counted based on the actual usage of the primary and alternate trucking subconsultants.

#### **Section VIII DBE *Compliance Plan* Check Sheet**

Please complete the DBE *Compliance Plan* Check Sheet with the information requested.

**GOOD FAITH EFFORTS INSTRUCTIONS**  
**(See Appendices B and D)**

The Proposer has a responsibility to make a portion of the work available to DBE subconsultants so as to facilitate meeting the goals. If the Proposer cannot achieve the goals, documentation of the Proposer's Good Faith Efforts to achieve the goals must be submitted at the same time as the *Compliance Plan*. That there may be some additional costs involved in soliciting and using DBEs is not a sufficient reason for a Proposer's failure to meet the goals, as long as such costs are reasonable. However, a Proposer is not required to accept a higher quote from a subconsultant in order to meet a goal.

**Contacting Potential DBE Subconsultants**

As part of Good Faith Efforts, Proposers must contact DBE subconsultants for each scope of work where there is a subcontracting opportunity. The availability list found at Appendix D includes information for certified DBE businesses. **The City neither warrants the capacity nor guarantees the performance of any Firm indicated on the availability list.**

The availability list is sorted in numerical sequence by National Institute of Governmental Purchasing (NIGP) Commodity Code. It includes all certified DBE vendors for the scopes of work identified by the City as being potentially applicable to this project. However, the availability list is not a comprehensive identification of all areas of potential subcontracting opportunities. If a Proposer identifies one or more work areas that are appropriate subcontracting opportunities that are not included on the availability list, the Proposer shall contact SMBR to request the availability of DBE Firms in those areas. Requests for supplemental availability lists will be evaluated as a part of the Proposer's Good Faith Efforts to meet the goals.

If Proposer believes any of the work areas on the availability list are not applicable to the project's scope of work or if Proposer believes that the lists are inaccurate, notify the authorized contact person of the concern. All Proposers will be notified in writing of any inaccuracy by addendum to the solicitation. Concerns about a particular DBE's certification status may be addressed to SMBR at (512) 974-7600 or the SMBR Certification Division at (512) 974-7645. If Proposer wants to use a subconsultant that does not appear on this list, Proposer may either request the subconsultant to furnish proof of certification and the specific work areas for which it has been certified or request such information from SMBR.

Appendix B shows the format for collecting required information from the subconsultants on the availability list. The information must be obtained at least five (5) business days prior to the submission of the *Compliance Plan*; alternate formats may be acceptable as long as they gather the same required information. Attached to the Subconsultant Vendor List at Appendix D is a list containing the names and addresses of all the DBE Firms in alphabetical order. This list is in label format and is designed to facilitate the printing of mailing labels.

## Good Faith Efforts Review

If the DBE goal is not met, SMBR will examine the *Compliance Plan* and the Good Faith Efforts documentation submitted with the *Compliance Plan* to ensure that the Proposer made Good Faith Efforts to meet the project goals. In determining whether the Proposer has made Good Faith Efforts, SMBR will consider, at a minimum, the Proposer's efforts to do the following:

- A. Soliciting through all reasonable and available means (e.g. attendance at pre-solicitation meetings, advertising and/or written notices) the interest of all certified DBEs who have the capability to perform the work of the contract. The proposer must solicit this interest within sufficient time to allow the DBEs to respond to the solicitation. The proposer must determine with certainty if the DBEs are interested by taking appropriate steps to follow up initial solicitations.
- B. Selecting portions of the work to be performed by DBEs in order to increase the likelihood that the DBE goals will be achieved. This includes, where appropriate, breaking out contract work items into economically feasible units to facilitate DBE participation, even when the prime consultant might otherwise prefer to perform these work items with its own forces.
- C. Providing interested DBEs with adequate information about the plans, specifications, and requirements of the contract in a timely manner to assist them in responding to a solicitation.
- D. (1). Negotiating in good faith with interested DBEs. It is the proposer's responsibility to make a portion of the work available to DBE subconsultants and/or suppliers and to select those portions of the work or material needs consistent with the available DBE subconsultants and/or suppliers, so as to facilitate DBE participation. Evidence of such negotiation includes the names, addresses, and telephone numbers of DBEs that were considered; a description of the information provided regarding the plans and specifications for the work selected for subcontracting; and evidence as to why additional agreements could not be reached for DBEs to perform the work.  
  
(2). A proposer using good business judgment would consider a number of factors in negotiating with subconsultants, including DBE subconsultants, and would take a firm's price and capabilities as well as contract goals into consideration. However, the fact that there may be some additional costs involved in finding and using DBEs is not in itself sufficient reason for a proposer's failure to meet the contract DBE goal, as long as such costs are reasonable. Also, the ability or desire of a prime consultant to perform the work of a contract with its own organization does not relieve the proposer of the responsibility to make good faith efforts. Prime consultants are not, however, required to accept higher quotes from DBEs if the price difference is excessive or unreasonable.
- E. Not rejecting DBEs as being unqualified without sound reasons based on a thorough investigation of their capabilities. The consultant's standing within its industry, membership in specific groups, organizations, or associations and political or social affiliations (for example union vs. non-union employee status) are not legitimate causes for the rejection or non-solicitation of solicitations in the consultant's efforts to meet the project goal.
- F. Making efforts to assist interested DBEs in obtaining bonding, lines of credit, or insurance.

- G. Making efforts to assist interested DBEs in obtaining necessary equipment, supplies, materials, or related assistance or services.
- H. Effectively using the services of available minority/women community organizations; minority/women consultants' groups; local, state, and Federal minority/women business assistance offices; and other organizations as allowed on a case-by-case basis to provide assistance in the recruitment and placement of DBEs.
- I. In determining whether a proposer has made good faith efforts, the City of Austin may take into account the performance of other proposers in meeting the contract. For example, when the apparent successful proposer fails to meet the contract goal, but others meet it, the City of Austin may reasonably raise the question of whether, with additional reasonable efforts, the apparent successful proposer could have met the goal. If the apparent successful proposer fails to meet the goal, but meets or exceeds the average DBE participation obtained by other proposers, the City of Austin may view this, in conjunction with other factors, as evidence of the apparent successful proposer having made good faith efforts.

Proposers may reject DBEs as unqualified only following thorough investigation of their capabilities. The DBE's membership or lack of membership in specific groups, organizations, or associations, and political or social affiliations (for example union or non-union employee status), are not legitimate causes for the rejection or non-solicitation of solicitations/proposals in the Proposer's efforts to meet the project goals.

**At a minimum, the following should be submitted to support Good Faith Effort documentation (documentation is not limited to this list):**

- Fax logs and copies of documents sent.
- Copies of written correspondence to certified firms (include names, addresses, and other identifying information).
- Phone logs with responses (*Phone contacts, alone, will not be sufficient.*).
- Lists and copies of letters sent by mail, hand delivered, or e-mailed.

**The following additional Good Faith Efforts factors may also be considered**

- Advertising in local newspapers.
- Copies of all solicitations received in response to Proposer contacting other Firms.
- Other communications regarding contacts with trade associations and Chambers of Commerce.

## **POST-AWARD INSTRUCTIONS**

(See Appendix C)

### **Letter of Intent**

The low Proposer according to the Certified Solicitation Tab is required to submit a signed and notarized Letter of Intent (LOI) from each subconsultant that is identified in the *Compliance Plan* within three (3) business days after receipt of a written request by the City. The LOIs must be in the format shown on the sample at Appendix C and must contain all information included in the sample. LOIs are required for all levels of subcontracting, and a separate LOI for each subconsultant is required. The amount and scope of work indicated on each LOI shall be the actual amount indicated on the *Compliance Plan* submitted with the solicitation and approved by the City.

Changes to the *Compliance Plan* including substitution of subconsultants are permitted only after contract execution and only with prior written approval of SMBR. Request for changes to the *Compliance Plan* must be submitted on the *Request for Change of Compliance Plan Form* for all levels of subcontracting. LOIs must be submitted for all additions of Subconsultants to the *Compliance Plan* prior to the start of work.

### **Post-Award Monitoring**

The City will monitor post-award compliance information regarding the use of certified DBE Firm(s) listed on the *Compliance Plan*. The consultant will be required to submit post award reports detailing the utilization of all subconsultants. The reports and other information regarding post-award compliance will be discussed with the successful Proposer. The following information on Payment Verification, Change Order/Contract Amendments, and Progressive Sanctions provides an overview of some of the post-award monitoring process.

#### **▪ Payment Verification**

Proposers are advised that the contract resulting from this solicitation includes a subconsultant payments clause. This clause requires all subconsultants to be paid within ten (10) calendar days from the date that the prime consultant has been paid by the City for invoices submitted by subconsultants.

The prime consultant shall submit a *Subconsultant/Supplier Awards and Expenditures Report* to the project manager and/or contract administrator at the time specified by the managing department. The report shall be in the format required by the City and shall include all awards and payments to subconsultants for goods and services provided under the contract during the previous month. This report may be used by the City to verify utilization of and payment to DBEs.

The prime consultant and/or any subconsultant whose subcontracts are being counted toward the DBE requirements shall allow the City access to records relating to the contract, including but not limited to, subcontracts, payroll records, tax information, and accounting records, for the purpose of determining whether the DBEs are performing the scheduled subcontract work.

In determining achievement of DBE goals, the participation of a DBE subconsultant shall not be counted until the amount being counted toward the goal has been paid.

- **Change Order/Contract Amendments**

The goals on this contract shall also apply to change orders that require work beyond the scope(s) of trades originally required to accomplish the project. The consultant is required to make Good Faith Efforts to obtain DBE participation for additional scopes of work.

Change orders that do not alter the type of trades originally required to accomplish the project may be undertaken using the subconsultants already under contract to the prime consultant. Project managers will have automatic SMBR approval to authorize any change order that **increases** the contract amount for an **existing** certified subconsultant and is **within** the existing scope being performed by that subconsultant.

- **Progressive Sanctions**

The successful Proposer's *Compliance Plan* will be incorporated into the resulting contract with the City. As described in Section 16.5 of the 00700 General Conditions to the Contract, progressive sanctions may be imposed for failure to comply with Chapter 2-9(A-D) of the City Code, including:

- Providing false or misleading information to the owner in connection with the submission of a Solicitation, in responses to requests for qualifications or proposals, in Good Faith Efforts documentation, in post award compliance, or in other Program operations;
- Substituting Subconsultants without first receiving approval for such substitutions, which may include the addition of an unapproved Subconsultant and failure to use a Subconsultant listed in the approved *Compliance Plan*; and
- Failure to comply with the approved *Compliance Plan* without an approved Request for Change, an approved Change Order, or other approved change to the Contract.

Please refer to Section 2-9A-25 of the City Code and SMBR Rule 11.5 for additional information.

**IFB – DBE COMPLIANCE PLAN**

*All sections (I-VIII) must be completed and submitted prior to the due date in the solicitation documents*

## SECTION VIII — DBE COMPLIANCE PLAN CHECK LIST

The DBE *Compliance Plan* must be completed and submitted by the time specified in the solicitation documents. If the goals were not achieved, Good Faith Efforts documentation must be submitted with the DBE *Compliance Plan*. All questions in Section VIII MUST be completed and submitted with the *Compliance Plan* if goals are not met.

1. Were written notices sent to all DBEs from the availability list at least five (5) business days prior to the submission of this *Compliance Plan*?

Yes  No

2. Is documentation of those written notices attached?

Yes  No

3. Is written documentation of efforts to reach agreements with the DBEs who responded affirmatively to the Proposer's written notice attached?

Yes  No

4. Is documentation of other efforts to meet the goals attached?

Yes  No

5. Were additional elements of work identified to achieve the goals?

Yes  No

If yes, please explain: \_\_\_\_\_

\_\_\_\_\_

6. Was SMBR or any other Minority or Women organization contacted for assistance?

Yes  No

If yes, complete following:

Organization: \_\_\_\_\_

Contact Person: \_\_\_\_\_

Date of Contact: \_\_\_\_\_

LETTER TO POTENTIAL SUBCONSULTANTS

\_\_\_\_\_ is soliciting Minority and Women-Owned Business Enterprise participation for the following City of Austin project. Plans are available at the Austin area plan rooms, our office, and the locations listed in the Invitation for Solicitations.

**SUBCONSULTANT INFORMATION**

Complete the MBE/WBE Compliance Plan in the MBE/WBE Procurement Program package. All subconsultant recommendations will be subject to approval by the City. If for any reason an MBE or WBE subconsultant must be replaced, the prime consultant firm will be required to make good faith efforts to replace with another MBE or WBE.

Attach a letter from each subconsultant on the proposed team, confirming that they have been contacted and are prepared to provide services for the project.

## PRIME FIRM'S EEO PROGRAM AND TITLE VI ASSURANCES

Solicitation Number: CLMP159

Project Name: 2014 Austin Brownfields Hazardous and Petroleum Assessments

---

**City of Austin, Texas**  
**Human Rights Commission**

To: City of Austin, Texas, ("OWNER")

I hereby certify that our firm conforms to the Code of the City of Austin Section 5-4-2 as reiterated below:

Chapter 5-4. Discrimination in Employment by City Consultants.

**Sec. 4-2 Discriminatory Employment Practices Prohibited. (B)** As an Equal Employment Opportunity (EEO) employer, the Consultant will conduct its personnel activities in accordance with established federal, state and local EEO laws and regulations and agrees:

- (1) Not to engage in any discriminatory employment practice defined in this chapter.
- (2) To take affirmative action to ensure that applicants are employed, and that employees are treated during employment, without discrimination being practiced against them as defined in this chapter. Such affirmative action shall include, but not be limited to: all aspects of employment, including hiring, placement, upgrading, transfer, demotion, recruitment, recruitment advertising; selection for training and apprenticeship, rates of pay or other forms of compensation, and layoff or termination.
- (3) To post in conspicuous places, available to employees and applicants for employment, notices to be provided by OWNER setting forth the provisions of this chapter.
- (4) To state in all solicitations or advertisements for employees placed by or on behalf of Consultant, that all qualified applicants will receive consideration for employment without regard to race, creed, color, religion, national origin, sexual orientation, gender identity, disability, veteran status, sex or age.
- (5) To obtain a written statement from any labor union or labor organization furnishing labor or service to Consultants in which said union or organization has agreed not to engage in any discriminatory employment practices as defined in this chapter and to take affirmative action to implement policies and provisions of this chapter.
- (6) To cooperate fully with OWNER's Human Rights Commission in connection with any investigation or conciliation effort of said Human Rights Commission to ensure that the purpose of the provisions against discriminatory employment practices are being carried out.
- (7) To require compliance with provisions of this chapter by all subconsultants having fifteen or more employees who hold any subcontract providing for expenditure of \$2,000.00 or more in connection with any Agreement with OWNER subject to the terms of this chapter.

For the purposes of this statement of qualifications and any resulting Professional Services Agreement, Consultant adopts the provisions of the City's Minimum Standard Nondiscrimination Policy set forth below.

**City of Austin**

**Minimum Standard Nondiscrimination in Employment Policy**

As an Equal Employment Opportunity (EEO) employer, the Consultant will conduct its personnel activities in accordance with established federal, state and local EEO laws and regulations.

The Consultant will not discriminate against any applicant or employee based on race, creed, color, national origin, sex, age, religion, veteran status, gender identity, disability, or sexual orientation. This policy covers all aspects of employment, including hiring, placement, upgrading, transfer, demotion, recruitment, recruitment advertising, selection for training and apprenticeship, rates of pay or other forms of compensation, and layoff or termination.

Further, employees who experience discrimination, sexual harassment, or another form of harassment should immediately report it to their supervisor. If this is not a suitable avenue for addressing their complaint, employees are advised to contact another member of management or their human resources representative. No employee shall be discriminated against, harassed, intimidated, nor suffer any reprisal as a result of reporting a violation of this policy. Furthermore, any employee, supervisor, or manager who becomes aware of any such discrimination or harassment should immediately report it to executive management or the human resources office to ensure that such conduct does not continue.

Consultant agrees that to the extent of any inconsistency, omission, or conflict with its current non-discrimination employment policy, the Consultant has expressly adopted the provisions of the City's Minimum Non-Discrimination Policy contained in Section 5-4-2 of the City Code and set forth above, as the Consultant's Non-Discrimination Policy or as an amendment to such Policy and such provisions are intended to not only supplement the Consultant's policy, but will also supersede the Consultant's policy to the extent of any conflict.

*UPON CONTRACT AWARD, THE CONSULTANT SHALL PROVIDE A COPY TO THE CITY OF THE CONSULTANT'S NON-DISCRIMINATION POLICY ON COMPANY LETTERHEAD, WHICH CONFORMS IN FORM, SCOPE, AND CONTENT TO THE CITY'S MINIMUM NON-DISCRIMINATION POLICY, AS SET FORTH HEREIN, OR THIS NONDISCRIMINATION POLICY, WHICH HAS BEEN ADOPTED BY THE CONSULTANT FOR ALL PURPOSES (THE FORM OF WHICH HAS BEEN APPROVED BY THE CITY'S EQUAL EMPLOYMENT/FAIR HOUSING OFFICE), WILL BE CONSIDERED THE CONSULTANT'S NON-DISCRIMINATION POLICY WITHOUT THE REQUIREMENT OF A SEPARATE SUBMITTAL.*

**Sanctions:**

Our firm understands that non-compliance with Chapter 5-4 may result in sanctions, including termination of the Agreement and suspension from participation in future City contracts until deemed compliant with the requirements of Chapter 5-4.

**Term:**

The Consultant agrees that this Form 3 or the Consultant's separate conforming policy, which the Consultant has executed and filed with the Owner, will remain in force and effect for one year from the date of filing. The Consultant further agrees that, in consideration of the receipt of

---

continued contract payments, the Consultant's Non-Discrimination Policy will automatically renew from year-to-year for the term of the underlying Agreement.

Dated this \_\_\_\_\_ day of \_\_\_\_\_, \_\_\_\_\_.

**APPENDIX A**  
**OF THE TITLE VI ASSURANCES**

During the performance of this contract, the contractor, for itself, its assignees and successors in interest (hereinafter referred to as the "contractor" agrees as follows:

1. Compliance with Regulations: The contractor shall comply with the Regulations relative to nondiscrimination in Federally-assisted programs of the Department of Transportation (hereinafter, "DOT") Title 49, Code of Federal Regulations, Part 21, as they may be amended from time to time, (hereinafter referred to as the Regulations), which are herein incorporated by reference and made a part of this contract.
2. Nondiscrimination: The contractor, with regard to the work performed by it during the contract, shall not discriminate on the grounds of race, color, or national origin in the selection and retention of subcontractors, including procurements of materials and leases of equipment. The contractor shall not participate either directly or indirectly in the discrimination prohibited by section 21.5 of the Regulations, including employment practices when the contract covers a program set forth in Appendix B of the Regulations.
3. Solicitations for Subcontracts, Including Procurements of Materials and Equipment: In all solicitations either by competitive bidding or negotiation made by the contract for work to be performed under a subcontract, including procurements of materials or leases of equipment, each potential subcontractor or supplier shall be notified by the contractor of the contractor's obligations under this contract and the Regulations relative to nondiscrimination on the grounds of race, color, or national origin.
4. Information and Reports: The contractor shall provide all information and reports required by the Regulations or directives issued pursuant thereto, and shall permit access to its book, records, accounts, other sources of information, and its facilities as may be determined by the Recipient or the Texas Department of Transportation to be pertinent to ascertain compliance with such Regulations, orders and instructions. Where any information required of a contractor is in the exclusive possession of another who fails or refuses to furnish this information the contractor shall so certify to the Recipient, or the Texas Department of Transportation as appropriate, and shall set forth what efforts it has made to obtain the information.
5. Sanctions for Noncompliance: In the event of the contractor's noncompliance with the nondiscrimination provisions of this contract, the Recipient shall impose such contract sanctions as it or the Texas Department of Transportation may determine to be appropriate, including, but not limited to:
  - (a) withholding of payments to the contractor under the contract until the contractor complies, and or (b) cancellation, termination or suspension of the contract, in whole or in part.

6. Incorporation of Provisions: The contractor shall include the provisions of paragraphs (1) through (6) in every subcontract, including procurements of materials and leases of equipment, unless exempt by the Regulations, or directives issued pursuant thereto. The contractor shall take such action with respect to any subcontract or procurement as the Recipient or the Texas Department of Transportation may direct as a means of enforcing such provisions including sanctions for non-compliance: Provided, however, that, in the event a contractor becomes involved in, or is threatened with, litigation with a subcontractor or supplier as a result of such direction, the contractor may request the Recipient to enter into such litigation to protect the interests of the Recipient, and, in addition, the contractor may request the United States to enter into such litigation to protect the interests of the United States.

**AFFIDAVIT OF NON-COLLUSION, NON-CONFLICT OF INTEREST AND**  
**ANTI-LOBBYING**

Solicitation Number: CLMP159

Project Name: 2014 Austin Brownfields Hazardous & Petroleum Assessments

---

State of Texas

County of Travis

The undersigned "Affiant" is a duly authorized representative of the Responder for the purpose of making this Affidavit, and, after being first duly sworn, has deposed and stated and hereby deposes and states, to the best of his or her personal knowledge and belief as follows:

The term "**Respondent**", as used herein, includes the individual or business entity submitting the response and for the purpose of this Affidavit includes the directors, officers, partners, managers, members, principals, owners, agents, representatives, employees, other parties in interest of the Respondent, and anyone or any entity acting for or on behalf of the Respondent, including a subconsultant in connection with this response.

The terms "**City**" and "**Owner**" are synonymous.

1. **Anti-Collusion Statement.** The Respondent has not and will not in any way directly or indirectly:
  - a. colluded, conspired, or agreed with any other person, firm, corporation, respondent or potential respondent to the amount of this response or the terms or conditions of this response.
  - b. paid or agreed to pay any other person, firm, corporation, respondent or potential respondent any money or anything of value in return for assistance in procuring or attempting to procure a contract or in return for establishing the prices in the attached response or the response of any other respondent.
2. **Preparation of Invitation for Response and Contract Documents .** The Respondent has not received any compensation or a promise of compensation for participating in the preparation or development of the underlying response or contract documents. In addition, the Respondent has not otherwise participated in the preparation or development of the underlying response or contract documents, except to the extent of any comments or questions and responses in the solicitation process, which are available to all respondents, so as to have an unfair advantage over other respondents, provided that the Respondent may have provided relevant product or process information to a consultant in the normal course of its business.
3. **Participation in Decision Making Process.** The Respondent has not participated in the evaluation of responses or proposals or other decision making process for this solicitation, and, if Respondent is awarded a contract hereunder, no individual, agent, representative, consultant or sub contractor or consultant associated with Respondent, who may have been

involved in the evaluation or other decision making process for this solicitation, will have any direct or indirect financial interest in the Contract, provided that the Respondent may have provided relevant product or process information to a contractor or another consultant in the normal course of its business.

4. **Present Knowledge.** Respondent is not presently aware of any potential or actual conflicts of interest regarding this solicitation, which either enabled Respondent to obtain an advantage over other Respondents or would prevent Respondent from advancing the best interests of OWNER in the course of the performance of the Contract.
5. **City Code.** As provided in Sections 2-7-61 through 2-7-65 of the City Code, no individual with a substantial interest in Respondent is a City official or employee or is related to any City official or employee within the first or second degree of consanguinity or affinity.
6. **Chapter 176 Conflict of Interest Disclosure.** In accordance with Chapter 176 of the Texas Local Government Code, the Respondent:
  - a. does not have an employment or other business relationship with any local government officer of OWNER or a family member of that officer that results in the officer or family member receiving taxable income;
  - b. has not given a local government officer of OWNER one or more gifts, other than gifts of food lodging transportation or entertainment accepted as a guest, that have an aggregate value of more than \$250 in the twelve month period preceding the date the officer becomes aware of the execution of the Contract or that OWNER is considering doing business with the Respondent.

As required by Chapter 176, Respondent must have filed a Conflicts of Interest Questionnaire with the Purchasing Department no later than the seventh business day after the commencement of contract discussions or negotiations with the City or the submission of a Response, response to a request for proposals, or other writing related to a potential contract with OWNER. The questionnaire must be updated not later than the seventh day after the date of an event that would make a statement in the questionnaire inaccurate or incomplete. There are statutory penalties for failure to comply with Chapter 176.

7. **Anti-Lobbying Ordinance.** As set forth in Attachment 2 of the solicitation documents, between the date that the Invitation for Response was issued and the date of full execution of the Contract, Respondent has not made and will not make a representation to a member of the City Council, a member of a City Board, or any other official, employee or agent of the City, other than the authorized contact person for the solicitation, except as permitted by the Ordinance

If the Respondent cannot affirmatively swear and subscribe to the forgoing statements, the Respondent shall provide a detailed written explanation in the space provided below or, as necessary, on separate pages to be annexed hereto.

**FORM 5**  
**AFFIDAVIT OF AVAILABILITY**

Solicitation Number: CLMP159

Project Name: 2014 Austin Brownfields Hazardous and Petroleum Assessments

---

Entities submitting qualification statements, including prime firms and subconsultants, shall have adequate current staff (including professionals registered in applicable fields, other professionals, and technicians) to competently and efficiently perform the work. The prime firm and subconsultants must commit that staff proposed in this submittal will be available to perform the proposed work within the anticipated project schedule.

In addition, prime firms who list individuals in Consideration Item 4 - Experience of Key Personnel must commit that those individuals are indeed employed by the prime firm and are not contracted employees.

I hereby certify that our staff and the staff of our subconsultants proposed in this submittal are available to perform the proposed work in a competent and efficient manner. In the event an individual proposed in this submittal is not available, I understand that after contract award we will be required to submit a change request with an individual equally or more qualified, which is subject to review and approval by the City. In the event the City does not approve the change request, I understand our firm will no longer be awarded the contract.

I hereby certify that the individuals listed in Consideration Item 4 - Experience of Key Personnel are employed by the prime firm and are not contracted employees.

AFFIDAVIT OF CONTRACT EXECUTION**

Solicitation Number: CLMP159

Project Name: 2014 Austin Brownfields Hazardous and Petroleum Assessments

---

Entities submitting qualification statements shall be prepared to be responsive to City staff following Council award in providing documents required for contract execution, including but not limited to insurance, corporate resolution, hourly rate information and non-discrimination policy. The prime firm must commit to meeting schedules and deadlines set by City staff in order to execute the contract in a timely manner. Projected execution of contract is January, 2015.

I hereby certify that following Council award, our firm will be responsive to City staff in submitting the required documents by the deadlines set forth by City staff. I understand that if we do not meet this requirement, contract negotiations will cease. I also understand if we do not submit this completed form with our Statement of Qualifications, we may be deemed non-responsive.
