To: Consultants Requesting RFQ Package

SUBJECT: Request for Statements of Qualifications (RFQ) for Transportation Management Center
Operations Expansion Project
Solicitation Number: CLMP189 – **CLARIFICATION 1**

This Clarification 1 is in response to questions received which warranted a clarification.

Clarification:

Question 1: The RFQ makes reference to the possible modifications/enhancements to KITS by the Consultant. Does the City's license agreement for KITS allow 3rd parties to make modifications or enhancements to KITS, or is that work that only Kimley Horn can do? If the answer is only Kimley Horn, then can this work item be removed from the RFQ to ensure other firms can prime?

Response: As discussed during the Pre-Response Meeting, ATD is looking for software enhancement recommendations from the selected consultant and to assist ATD in describing the capabilities of the software recommendations. Developing the software modifications/enhancements is not a part of the Scope of Work and an addendum has been issued clarifying this requirement.

Question 2: In the Evaluation Criteria there is a definition for a "Completed Project". Can a firm provide examples of projects that are still ongoing?

Response: Firms can provide examples of ongoing projects where they have been performing services for at least three years.
