

EVALUATION CRITERIA STAND ALONE SOLICITATIONS

Solicitation Number: CLMP198

Project Name: Large Diameter Wastewater Interceptors Multi-Sensor Pilot Project

The following is a description of items to receive consideration in the evaluation of responses for providing professional engineering/architectural/planning services to the City of Austin. Following each description are the evaluation points associated with the item. TOTAL POSSIBLE POINTS EQUALS 100 (plus 15 points for interviews, if conducted). Wherever used, "prime firm" denotes a single firm or a joint venture responding as the prime consultant. Wherever used, "page" refers to single-sided, single spaced, 10-point minimum font printed 8-1/2 x 11-inch pages. The prime firm shall perform the largest share of the assignment (on an estimated percentage of total agreement basis). Responses failing to show the prime firm performing the plurality of the services shall be rejected as non-responsive.

Limitations on volume of requested information apply equally to single firms and joint ventures regardless of the number of firms partnering in the joint venture. Responses with excess volume or which do not include information for the evaluation of all consideration items may not be thoroughly reviewed or may be rejected as non-responsive.

All prime firms and subconsultants must be registered to do business with the Owner prior to contract award. Prime firms are responsible for ensuring that their subconsultants are registered as vendors with the City of Austin. You may register through the Owner's on-line Vendor Registration system. Log on to the link below and follow the directions: https://www.ci.austin.tx.us/financeonline/vendor_connection/index.cfm

CONSIDERATION ITEM 3a

TEAM'S STRUCTURE

10 Points Maximum

The City is interested in team's organizational structure. Identify project leadership, reporting responsibilities, how prime firm will interface with City's project sponsor and project manager, and how subconsultants will work within the team structure. Describe the roles of the key individuals proposed to work on this project.

The team structure should include discipline experts required to perform multi-sensor condition assessment of the areas selected in the pilot project. The team shall include a professional staff of civil engineers and professionals with experience in similar multi-sensor projects and condition assessment of sewers.

- **Provide an organizational chart and brief narrative. The total number of pages should not exceed five (5) pages. Indicate activities, responsibilities and key personnel on the organizational chart. Organizational chart may be submitted on 11 x 17 paper. Response should align with team's proposed MBE/WBE Compliance Plan provided in Consideration Item 1 above.**

CONSIDERATION ITEM 3b

TEAM'S PROJECT APPROACH

20 Points Maximum

The City is interested in your team's overall understanding of the project scope and issues. Describe any significant project issues and the team's approach in addressing those issues and include statements describing how the team will address multi-sensor condition assessment.

Review the proposed pilot study areas and reference issues encountered on similarly scoped projects. Describe your team's methods to successfully complete the work; your team's understanding of the techniques and sequencing required; and how the prime firm will interface with the City's appointed representatives. Please describe the major subconsultants' placement in the overall approach to the project.

- **Provide a narrative not to exceed seven (7) pages.**

CONSIDERATION ITEM 4

**EXPERIENCE OF PROJECT MANAGER, PROJECT PROFESSIONAL, AND PROJECT PRINCIPAL (past 10 Years)
20 Points Maximum**

(Project Manager – 10 points; Project Professional – 6 points; Project Principal – 4 points)

The City is interested in the experience of the Project Manager, Project Professional, and Project Principal which demonstrates history and success with projects of similar programs, budgets, and/or clients as the project described in this solicitation. Points will be awarded as indicated above. The Project Principal should have at least 10 years of experience in water and wastewater projects with experience in the evaluation and rehabilitation of sewers. The Project Manager should have at least 10 years of experience managing projects with similar scope and levels of complexity with at least two major wastewater collection system projects completed within the past 5 years. The Project Professional should have at least 5 years of experience in water and wastewater projects with at least two multi-sensor projects consisting of over 250,000 LF completed within the past 5 years. Only one individual per job responsibility should be designated. The prime consultant must employ the Project Manager, Project Professional, and Project Principal. The Project Manager, Project Professional, and Project Principal may be the same individual. The Project Principal, Project Manager and Project Professional must be licensed as a professional engineer in the State of Texas at the time of submittal.

Points will be awarded as indicated above. Only one individual per job responsibility should be designated. List three (3) projects for each role meeting these criteria which have been completed in the past five (5) years for each individual.

- **Complete Form 7 – Experience of Project Manager. Please provide no more than one (1) page per project.**
- **Complete Form 8 – Experience of Project Professional. Please provide no more than one (1) page per project.**
- **Complete Form 9 – Experience of Project Principal. Please provide no more than one (1) page per project.**
- **Attach a resume of no more than two (2) pages for each individual.**

CONSIDERATION ITEM 5

**PRIME FIRM'S COMPARABLE PROJECT EXPERIENCE (past 10 years)
15 points maximum**

The City is interested in the prime firm's history and success with projects of similar programs, budgets, and/or clients as the project described in this solicitation. List three (3) projects

meeting these criteria which have been completed in the past ten (10) years. Include projects that identify experience in the evaluation and interpretation of Multi-Sensor Assessment Data, including recommendations.

In addition, City may consider history of firm in complying with project programs, schedules, and budgets on previous City projects.

- **Provide a narrative not to exceed one (1) page. Complete Form 10 and provide no more than one (1) page per project.**

CONSIDERATION ITEM 6

MAJOR SCOPES OF WORK - COMPARABLE PROJECT EXPERIENCE (past 10 years)

15 points maximum

The City has identified Major Scopes of Work to be provided for this project, which are included in the Scope of Services. Each scope of work can be accomplished through subcontracting other firms or utilizing the prime firm. The City is interested in the history and success of the firm proposed to perform the scope of work (subconsultant or prime), with projects of similar programs, budgets, and/or clients as the areas identified. List three (3) projects per Major Scope of Work meeting these criteria which have been completed in the past ten (10) years. In addition, City may consider history of firms in complying with project programs, schedules, and budgets based on previous City projects. If more than one firm is listed for a particular Major Scope of Work, the City expects the work will be divided evenly among them. If more than one firm is listed for a particular Major Scope of Work, list three (3) projects per firm per scope of work. Provide no more than one page per firm per scope.

- **Complete Form 11 for each Major Scope of Work listed in the Scope of Services. Provide no more than one page per opportunity. All major subconsultants listed in this item must also be included in your MBE/WBE compliance plan.**

CONSIDERATION ITEM 7

TEAM'S EXPERIENCE WITH AUSTIN ISSUES

10 Points Maximum

The City is interested in team's (including subconsultants) experience with Austin issues, as may be evidenced by work in the Austin area during the past five (5) years. Briefly describe experience in the following areas and reference projects relating to that experience:

- ◆ City of Austin site development and/or building permit requirements,
- ◆ Austin area construction in the public right-of-way,

- ◆ Austin area construction costs and practices,
 - ◆ Austin environmental community, conditions and constraints,
 - ◆ Familiarity with local, regional, and state institutional and regulatory requirements for wastewater collection systems,
 - ◆ Public awareness and involvement in project development in the Austin area, and
 - ◆ Responsiveness due to proximity of projects to local office.
- **Provide a brief narrative of no more than four (4) pages.**
-

CONSIDERATION ITEM 8

CITY OF AUSTIN'S EXPERIENCE WITH PRIME FIRM (past 5 years)

10 Points Maximum

The City will consider the history of the firm in complying with project programs, schedules, and budgets on previous City of Austin projects within the last five (5) years. Firms with previous projects with the City of Austin and have had no issues will receive 10 points. Points will be deducted if the City has had negative experience with the prime firm's performance on City projects. Deductions are based on Consultant Evaluations completed by Project Managers at the end of each phase of the project.

Specific consideration items by phase may include:

- ◆ Timely completion of projects and timeliness of performance per PSA and authorized amendments,
- ◆ Timely, accurate, and complete payment applications and payments to subconsultants,
- ◆ Deliverables met criteria established in contract / resolution of significant issues in writing,
- ◆ Compliance with City ordinances on substitution/addition/deletion of subconsultants,
- ◆ Compliance with Minority and Women-Owned Business Procurement Program,
- ◆ Compliance with City standards, including regulatory compliance and permitting requirements,
- ◆ Conformance to City budget/cost requirements,
 - Preliminary, Design, and Bid/Award - estimates were within Fixed Construction Budget,
 - Construction - dollar value of change orders were \leq 5% of construction contract amount, and
- ◆ Quality of work performed.

Firms who have had no previous projects with the City of Austin will receive a score equal to the average of all *engineering* firms in the data base with previous City projects.

CONSIDERATION ITEM 9
INTERVIEWS (OPTIONAL)
15 Points Maximum

The City may determine that it is necessary to interview short-listed firms prior to making a recommendation to the City Council. Staff intends to use the following guidelines for the optional interview process:

- ◆ The point difference between the first and second ranked firm is less than three points,
- ◆ The number of firms interviewed will depend on the closeness of the scores following evaluation of the written proposals,
- ◆ Staff will consider significant gaps in point separation between the top ranked firms in determining the number of firms to be interviewed.,
- ◆ Only firms that are considered qualified to perform the work, on the basis of their written proposal, will be invited for interviews,
- ◆ No more than five firms will be interviewed,
- ◆ Staff may conduct interviews in other cases where staff believes it is in the best interest of the City, and
- ◆ The City reserves the right to determine whether an interview will be conducted for every solicitation/project.
